SERIOUS TROUBLE AT KINGSTON.

Revolver Shots Were Exchanged and Many Stones Thrown.

The "Scabs" Ordered to Leave—"Send Them to Belleville," the Agent Said.

Kingston Times: Matters are assuming a serious aspect in connection with the section men's strike. At the lower G.T.R. junction, for some days past, have been stationed a number of G.T.R. employees sent from Montreal to take the place of the strikers. They performed no work, either because they refused or were not permitted to do so. Last evening, shortly after ten o'clock, there was a riot when a mob of about fifty from the city visited the junction and ordered the Montrealers to leave. They refused to do so and a row ensued. There was a volley of stones, followed by another and another and the sound of breaking glass told that the car windows were suffering. The row became general and the whole neighborhood was alarmed. In the car were twelve persons, ten bridge men and two G.T.R. detectives. Suddenly there was a sharp report and the mob fell back for a moment. Several revolvers were used by the parties and many shots were exchanged. No person was injured by those, but quite a few of the "scabs" this morning bear witness to the fact that they came in violent contact with hard missiles. The "scabs" were finally routed, and, deserting their car, sought refuge at the station offices. The police were summoned, but when they reached the scene the attacking party had disappeared. The car this morning presented a pretty spectacle. All the windows but three were shattered and the doors demolished. Officers Graham and Parny searched about, but found no trace to reward them.

There was a large market to-day. Visit Cards, Visiting or At-Home Card Envelopes at the INTELLIGENCER Job Office.
Dr. G. & Ryerson will be at Hotel Quinte for Consultation on Saturday, June 17.
Henry Williams, an aged man out of work, was this morning sent up for ten days by the P.M. at his own request.

Wedding Bells.

AT 9 o'clock this morning, at the residence of the bride, Mr. Wm. F. Reeves was married to Miss Lillian Haynes, both of the young people being well-known and deservingly popular residents of the City. Rev. M. W. Maclean performed the ceremony in presence of the immediate relatives of both parties. The Groom was Miss Clara V. Haynes, and Mr. J. H. Reeves, brother of the groom, was best man. The bride looked lovely in a most becoming cream dress, with veil and orange blossoms, and carried a beautiful shower bouquet of white roses. Her going away costume was a tastefully trimmed purple suit. The bride was given away by ex-Adm. Landenberger. The happy couple left on the 11.05 train, and a shower of rice, old shoes, and good wishes. The presents were numerous and beautiful. Mr. and Mrs. Reeves will reside on Hillside at home after 14th inst.

OBITUARY.

It is safe to say that in all quarters and among all classes of our citizens the feeling was one of unmitigated sorrow when it became known that Mr. Geo. Ritchie had passed away at the hospital yesterday afternoon.

After undergoing an operation for hernia some ten days ago, and making an untroubled recovery after receiving congratulations from his friends (and they were legion) on his return to health, and with every prospect of being restored to a better physical condition than he had been in for years past, after making preparations to return to his home and family on Sunday next, the unfortunate man, with hardly a moment's warning, was stricken with heart failure and his spirit was gone in the twinkling of an eye. Surely there was never a more striking exemplification of the words of Holy Writ, "In the midst of life we are in death."

Deceased was in his 45th year. He was born at Belvidere, P. E. Co.; married about 22 years ago to Miss Agnes Hart, of Aulicburg, who, with one daughter, Ethel, and a son, Lorai, survive him. The late Mr. Ritchie was prominent in civic work, being a Past Grand Master of the Prentice Boys' member of the True Blues, an Orange-Mason and a Free Mason. No assembly or ball in this section of the country was complete without "Jimmy" Ritchie as Master of Ceremonies, and charitable entertainments were never refused his aid. On all sides the deepest sympathy is expressed for his sorrowing wife and children, in which The Intelligencer most sincerely joins. The funeral will take place to-morrow afternoon from the family residence, Rosemore. Services at the house at 3 o'clock.

ROBINA STEWART.

Miss Robina Stewart, daughter of Mr. Walter Stewart, tailor, died this morning at the family residence near the G. T. R. station. She was 28 years of age and for upwards of two years has been a victim of heart trouble. Miss Stewart had many friends who will regret to hear of her demise.

A HEARTY SEND-OFF.

Sergeant-Instructor Young Leaves for Niagara.

It was a jolly party which assembled at Bateman's hotel last night to say good-bye to Sergt.-Instructor Young, who had received orders to leave at once for Niagara. About thirty-five were present, being the officers and sergeants of the XV. Battalion. Refreshments were served, after which the evening was pleasantly passed with speeches, songs and toasts. Sergeant Young was presented with a gold headed cane by the Sergeants of the XV. Battalion. The presentation speech being very happily made by Sergt.-Major Avis. The cane was presented by Sergt.-Major Young by the Sergeants of the XV. Batt. and was very handsome. Sergt. Young made a suitable reply, expressive of his gratitude to his friends in the Sergeant's Mess and regret at leaving Belleville. After a pleasant evening the party broke up about 1 a.m., by singing "God Save the Queen" and "Auld Lang Syne."

Bicycle Hose.

The Golf or Bicycle Hose we sell have been tried and found to be good goods. Conservative Club Rooms.

Club rooms for the Conservatives of Belleville and district are being fitted up in the premises formerly occupied by Geo. and Kate Ketcheson on Front St. The first and second floors will be used. On the first floor will be a reading and billiard room; on the second a meeting room will be furnished for the use of members. A small membership fee will be the only charge. Our friends the Reformers have had such a place for several years, and it is commendable that Messrs. Robert Gibbons & Co. should have taken the initiative for the use of the Conservatives.

Catholic Order Foresters.

On Wednesday, June 14, Hastings village village holiday, the Catholic Order of Foresters will have an excursion to Muskoka. Trains will leave Belleville at 6.40 a.m. stopping at all stations and arriving at Muskoka at 10.30. Tickets from Belleville—Adults, \$2.00; children, \$1.00. Good to return same night, or until June 17th. If desired, three days at Muskoka. 30331wsk.

Stole His Watch.

Canadian Note: A strange thing happened at the sewage works at the bay last week. Mr. Lang, who is in charge down there, left his vest and watch hanging on the wall and went out for a few minutes. On his return the watch was gone and not the slightest trace of the thief or signs of any one wearing it. Some traps were set around that morning, but they were not seen near the works. It is too bad that a man like Mr. Lang should be so meanly robbed.

A HOT TIME IN THE OLD TOWN.

The Montrealers Don't Think Much of Kingston's Hospitality.

Rifles and Revolvers Were Freely Used, and the Stones Thrown Ranged in Size from a Coconut to a Goose Egg.

The men sent from Montreal to take the place of the strikers are having a warm time of it in the Kingston City. As stated in this paper yesterday, a second attack was made on the Montreal men on Wednesday night, additional particulars of which are taken from the Kingston News.

A second attack was made on the Montreal men at about 10:30 o'clock last night, and the probabilities are that more will follow unless some action is taken by the authorities. After the fracas of the previous night the car had been removed down to a siding opposite the station. On the other side of the car, on the hillside, stands a vacant stone house, and the attacking forces used this as a fort and place of refuge. Had the location been near the lake, the stones might have been thrown at Kingston was about to be demolished.

Rifles and revolvers were used for a period of about ten minutes, when all again still, and the neighborhood sank back into its original quietude.

A report was going the rounds that the fight was started by the Montreal men, who fired shots in the air, but this is denied. A News reporter this morning visited the car containing the Montreal men, who have been dubbed "scabs" by the townsmen. At first the men were highly indignant that they should be asked for information regarding the affair, after the manner in which they had been treated.

"We will not say a word for Kingston," said one of their leaders. "This is certainly one city in Canada where no attempt is made to preserve law or order. There is no protection here for life or limb, and the authorities do not seem to care whether men are shot down like dogs or not. The report is not true that we started the trouble last night, but at the same time we were better prepared than we were the night before. We did not intend to be shot down like dogs without a struggle."

One of the men went on to state that he was lying with a comrade between the wheels of the car on watch, as they had been previously warned that there would again be trouble. He first noticed a man creeping up in the grass from the east, and a minute later saw four more men making for the stone house from the west. He saw the men enter the house, and they were armed with rifles, shotguns and pistols.

The men of the men got out of the car, and exposed themselves to the bullets and stones of the attacking force, who others who were unarmed remained in the car and aided in any way they could. The fight was hot and furious while it lasted, but, fortunately, no one was killed or injured.

The Montreal party did not know whether any one had been struck by them or not.

The foreman went on to state that his car was damaged by stones and was used for the company for years. Their jobs were as much to them as those of any other men, and when they were ordered to go to work they had to go. They were not scabs, but mechanics. "If we are attacked again, you can depend upon it that we will shoot to kill. We have a couple of Winchester rifles and will use them."

The car was found to have suffered considerably from the bullets, while there were various bullet holes in the windows. There was one large hole, which had been made by a bullet, and another made by a heavy rifle. Shot-guns were also used. The side of the car is well filled with shot. The men have a heap of stones in the car, which were thrown through the windows, and they intend to keep them as relics. They range from the size of a coconut to that of a goose egg.

An Alderman stated this morning that Mayor Ryan would be justified in ordering the strangers from the place, as the disturbances were frightening the lives out of residents in the lower section of the city. One thing is certain, that something should be done. It would not be at all surprising if someone, or perhaps many, were killed by another attack. It is a matter of proper understanding should be come to with these strangers, and for the benefit of the strikers let it be ascertained once and for all if they are actually here with the intention of doing track-work or not.

ALL QUIET LAST NIGHT.

(By Associated Press to-day.)

PEDAGOGUES IN SESSION.

Deliberations of the Bright Men and Women Who Teach the Schools in This District.

The Institute assembled in Alberta Hall at 10 a. m. yesterday.

The Chair was occupied by the President, J. Johnson, I.P.S.

The first business was the election of officers for the ensuing year, with results as follows:

President J. Johnson, I.P.S.
Vice-Pres.—J. W. Dufour.
Sec. Treas.—S. A. Gardner.

Committee of Management—S. L. Armstrong, Belleville; F. W. Fairman, Trenton; Mr. Luck, Deseronto; O. S. Hicks, Sidney; Mr. Shroy, Thurlow; Mr. Kierman, Tyendinaga; Mr. J. Bell, Hungerford.

Miss Urquhart, Delegate to the Provincial Association, read an exhaustive and carefully prepared report of the doings of that body. On motion of Mr. O. S. Hicks, seconded by Mr. Barrager, a hearty vote of thanks was tendered Miss Urquhart for her able report.

On motion of Mr. Hicks, seconded by Mr. Salinas, Mr. D. Barrager and Mr. Lot were appointed Reporting Secretaries of the Institute.

Miss White, of Trenton, gave an excellent paper on Writing, comparing the two systems, Spencerian and Vertical, giving reasons why the Vertical is the better system. It is more easily taught, more legible, saves space, is more rapidly written, and more hygienic. Miss White then explained the construction and formation of each letter. Miss White's paper was an exceedingly practical one.

Mr. Ross, of Wallbridge, followed with Testing Spelling. Each lesson should be properly assigned and attention drawn to the difficult words. At first test by oral method, then by written spelling, afterwards let the difficult words be written, and let the pupil correct his own dictation.

The Institute adjourned until 2 p. m.

Light Weight Serge Coats.

Serge coats are going to be worn very much this summer. Double breasted is the favorite. The Oak Hall have them, made of genuine all wool, warranted not to fade, at \$2.50 single, and \$3.00 double. For wheeling and beating the double breasted is most certainly the best.

Massassaga Park Opened.

The beautiful evening and pleasant sail down the bay tempted a large number of citizens to visit that ever delightful Park (Massassaga) yesterday evening, it being the opening day for the season. The steamer Annie Laké carried the party down, where they were welcomed upon their arrival by "Miss Host" Baird.

Upon the lawn, on each side of the walk leading to the Hotel, were two tables, upon which were served a splendid collation, containing all the delicacies of the season. The tables were draped in pink with centre pieces of carnations, the work of Mrs. J. F. Baird, wife of the popular host.

Ample justice had been done to the viands the hotel and grounds were inspected. Massassaga never looked more charming than at present. The party returned to the City about eleven o'clock, after an enjoyable outing.

Chewing Tobaccos.

Napoleon, Prince of Wales, Currency, Black Spot and Fine Cut are to be had at MacCallum's Uptown Cigar Store. No dried-up stock—everything fresh.

The Last Sad Rites.

A large number from the City and surrounding county were present this afternoon at the Requiem of the late James R. Gerow. The funeral was conducted under the auspices of the Prentice Boys, of which deceased was a Past Grand Master, and other Grand Masters. At 2:30 services were held at his late residence, Bay Front, Township of Ameliasburg, conducted by the Rev. V. H. Cowart, pastor of the Baptist Church in this City.

The interment took place at Post burying ground, near Redenrivers. Upon the casket were placed a large number of beautiful floral designs. The bearers were Messrs. A. M. Ketcheson, R. H. Ketcheson and J. Warham, representing the Prentice Boys, and W. Wessels, D. Boyce and W. Way, representing the True Blues.

Their Business Booming.

Probably no one thing has caused such a great revival of trade at S. McKeown's Drug Store as their giving away to each of their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this valuable remedy, from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all other lung troubles are quickly cured. You can test it before buying by getting a trial bottle free, large size 50c, and \$1.00. Every bottle warranted.

Industries For Twoed.

Twined News: It is almost an established fact that Twined is to secure two important industries, viz., a leading mill that will employ at a conservative estimate from twenty to thirty hands, and a system of electric lighting, both of which industries will be in operation in the course of a few months.

Police Notes.

Yesterday afternoon the police answered a call to West Belleville near the Marchmont Hotel, where it was reported that a man was acting in a disorderly manner and frightening a number of ladies. He succeeded in making good his escape before an officer arrived.

Walter Fanning, jr., reports that last night some man was acting in a suspicious manner towards a little girl in a gangway near the lower bridge, that upon Fanning's approach he ran away over the bridge. He described to the police the man's appearance and dress.

BAY OF QUINTE CONFERENCE.

The gentleman whose coat appears above was born at Picton, near Kingston, in 1854, and is a son of Methodist parents. He was received as a candidate for the ministry at a Conference held in Ottawa in 1877. Spent two years at Wesleyan College in Montreal, and was ordained at Napane in 1881. Rev. Mr. Young graduated from Victoria College in 1890. He was married in 1885 to Miss Black, youngest daughter of the late John Black, Esq., of Newburgh.

REV. W. R. YOUNG, President of B. of Q. Conference.

The gentleman whose coat appears above was born at Picton, near Kingston, in 1854, and is a son of Methodist parents. He was received as a candidate for the ministry at a Conference held in Ottawa in 1877. Spent two years at Wesleyan College in Montreal, and was ordained at Napane in 1881. Rev. Mr. Young graduated from Victoria College in 1890. He was married in 1885 to Miss Black, youngest daughter of the late John Black, Esq., of Newburgh.

CONFERENCE resumed at 2 p. m., President Young in the Chair. After devotional exercises the appointing of members to the various Committees was proceeded with. The first Committee appointed was the Nourishing Committee, being composed of one minister and one layman from each district. The following compose the Committee:

Belleville—Rev. C. E. McIntyre, J. A. Holgate.
Napane—Rev. W. J. Crothers, D.D., G. Delchic.
Picton—Rev. J. Jolliffe, B. C. G. D. Platt.
Colborne—Rev. D. N. McCamus, J. O. Elment.
Bowmanville—J. P. Wilson, B.A., R. Moment.
Whitby—Rev. G. R. Clark, A. R. Wilcox.
Cawton—Rev. L. Phelps, D. J. McPhoe.
Lindsay—Rev. T. Snowden, J. McFarland.
Peterborough—Rev. S. J. Shorey, R. W. Clarke.
Campbellford—Rev. T. M. Campbell, W. E. Rankin.
Madoc—Rev. R. McCullough, J. H. Clark.
Tarnworth—Rev. D. C. Day, A. A. Allen.

Other Committee named were: Sunday School, Epworth League, Sustentation and Missionary.

The President then called for memorials, petitions, etc., a large number of which were presented from the various districts and read to the Conference. From the Belleville District memorials were presented in reference to the medical and funeral expenses of the late Rev. J. J. Dunsmuir, Jas. Paull and W. G. Huggins, who have died since the last meeting of the Conference. A memorial was presented from Sidney Circuit asking permission to sell what is known as Case's Church. These were referred to the proper Committees.

At 4:30, at the suggestion of the President, the Laymen's Conference and the Ministerial Conference were held. The Laymen's meeting at the Tabernacle church and the Ministers at Bridge st. church.

At the Ministerial Conference a few matters which were left in abeyance from Wednesday's sessions were taken up and disposed of.

THE LAYMEN'S CONFERENCE.

This meeting was held in the lecture room of the Tabernacle Church. In the absence of Judge Dean, of Lindsay, President of the organization, Mr. R. Moment, of Orono, 1st Vice-President, occupied the chair.

Mr. Wm. Johnson read an eloquent and pathetic letter which he had received that afternoon from His Honor Judge Dean, who is at present at St. John's Island, N. J., where he has been for some months for the benefit of his health. The Judge has been, since the organization of the Laymen's Association, its President. In his letter he declined the office any longer and thanked the members for all the honors which they had conferred upon him. The meeting was proceeded with and resulted as follows:

Mr. R. Moment, Orono, President.
Mr. Wm. Johnson, Belleville, 1st Vice-President.
Mr. G. D. Platt, of Picton, 2nd Vice-President.
Secretary—Mr. R. W. Clarke, Millbrook.

Executive Committee—W. R. Aylsworth, Belleville; A. J. McLaughlin, Trenton; E. D. O'Connell, Madoc; J. S. Rankin, Campbellford; Marshall Bogert, and G. A. Fraser, Napane.

Several resolutions were submitted referring to the holding of the Missionary Meeting at Bridge st. church in addition to the members of the Conference. President Young presided. After devotional exercises, an address was given by Rev. J. R. Butler, of Beaverton, and Rev. J. E. Haines, of Belleville, members of the Conference, who spoke most encouragingly of the Missionary work and the bright prospects of future work upon it.

Rev. R. Emmons, a young Minister, who is at present at Victoria College, Toronto, sitting himself for Missionary work.

The Conference then adjourned.

EVENING MEETING.

The meeting in the evening was what is known as the "Conference Missionary Meeting." There were a large number present at Bridge st. church in addition to the members of the Conference. President Young presided. After devotional exercises, an address was given by Rev. J. R. Butler, of Beaverton, and Rev. J. E. Haines, of Belleville, members of the Conference, who spoke most encouragingly of the Missionary work and the bright prospects of future work upon it.

Rev. R. Emmons, a young Minister, who is at present at Victoria College, Toronto, sitting himself for Missionary work.

The Conference then adjourned.

At 3 o'clock a deputation of the City of Belleville, composed of Mayor Johnson, Ald. Jones, Bogart and Doyle, were introduced to the Conference. Mayor Johnson addressed the Conference.

Mr. President and members of the Bay of Quinte Conference.—The City Council of Belleville, recognizing the honor conferred upon the City and the advantages that must accrue to our people by the assembling here of the Conference, passed a resolution of welcome at its last meeting, and we appear here now for the purpose of personally conveying that welcome, and, as well, the greetings of ourselves and of the citizens. It is always a matter of gratification to us in Belleville to receive visitors, either singly or in company, and representative bodies like your own, because we have a City, small in comparison with others, but acknowledged, and justly so, as being one of the most beautiful in Canada, situated on the Bay of Quinte, the charms of whose scenery are, we believe, unequalled, certainly not surpassed, on this continent, and around which a cluster of many historic associations connected with the early settlement of Upper Canada. It was in this district that the pioneers of this great Province of Ontario settled when they left the country of their birth for the sake of the flag and the constitution it represents. They sacrificed the comforts and ease of civilization to live in homes for themselves in the Canadian forests, and to-day we are enjoying the fruits of their struggles and their labors. There is a simple yet noble connection with the early settlement of this portion of our Dominion for an historical romance. Gilbert Parker found such material around the storied walls of old Quebec and he has tracked the hunter and the trapper of Hudson's Bay. Parker himself, or some other son of Canada possessing equal genius, will yet produce a romance of the Upper St. Lawrence, Lake Ontario and the Bay of Quinte. Botetourt, a distinguished Frenchman of a past century, said that doubtless God might have made a better berry than the strawberry, but doubtless he never did. I would apply that remark to Canada and say that doubtless God might have made a better country than Canada, but doubtless no such country exists. This Bay of Quinte section is the best part of that country. It is famous not only in our own Dominion, but in the eyes of the world, and throughout many portions of the world. The produce of its soil, and the products of its industry, its orchards and its mines are exported to many lands. One of our own citizens sends his goods as far as Africa. You will be glad to know that the City of Belleville, the capital of the district, has entered upon a new era of manufacturing and commercial prosperity, which, her citizens trust, will make her as famous for her commerce and manufactures as she is now for her beauty. Not only is the Bay of Quinte section prominent in the history of this province, but it has influenced in a large way the whole Dominion. It has given two Premiers to Canada, the Right Hon. Sir John A. Macdonald, the greatest and the country ever had or ever will have, and the Hon. Sir Mackenzie Bowell. And it may be interesting to state here that the name of another Premier of Canada will soon be associated with this section, a son of the Hon. Sir John Abbott will shortly take up his residence here in connection with the Abbott-Mitchell Iron & Steel Works.

On account of the trouble on Tuesday and Wednesday night's railway management yesterday afternoon sent up a squad of fourteen constables to all in protecting the new men. A. Segura, chief interpreter of the Montreal police court, was in command. All were well armed with revolvers and six shooters and were looking for blood.

It had been all planned that at the first movement of any mob, the constables would rush over the track and shoot them down, taking prisoners as many as possible. But the brave contingent of G. T. R. protesters was not to be given such a chance. All men are not fools, and if the constables thought for an instant that the sympathies of the trackmen would again assemble as they did the previous two nights, and attack the new men, they were to be disappointed.

A rumor was circulated that the next move of the mob would be to place dynamite under the tracks and blow up the new men, which would be a very unpleasant thing if anyone was inside. If so, the new men would fairly fly over the track, instead of walking as before.

Hardware merchants say they are selling an unusually large quantity of shot just now, and think they know for what it is intended. A large number of shot guns are also being collected, presumably for use at the outer station.

Settled Out of Court.
The Dunlop Tire Company announce a settlement out of Court of their action against the Dunlop Tire Company of Montreal. They do not state the terms of agreement other than that the Dunlop Tire Company have agreed to pay the Dunlop Tire Company the sum of \$10,000.00, and the Dunlop Tire Company have agreed to pay the Dunlop Tire Company the sum of \$10,000.00.

The Gold Company will abandon their appeal against the judgment of the Exchequer Court accepting the finding, which judgment awarded protection to the Dunlop Tire Company of Montreal.

We are well satisfied, is all the Dunlop people wish to say.

ment. I can see embarrassment and possibly some of the future standing committees of this Conference, Mr. President, it will come from the unanimous desire of the ministers to be stationed in this City. Well, gentlemen, much as you may desire to secure an appointment here, and glad as we would be to have you all, it cannot be. We can have only the select few who, if you may strive to enter, though, and as hope springs eternal in the human breast, none need despair. If you cannot come here to preach, you may all come to us after your work in the vineyard is done. After you have borne the burden and heat of the day, you may end your days in this earthly paradise, and prepare for your translation, which from here will be a mere transition. We shall go on improving the City for you. We have just started a park that will be beautiful in itself, and is even now charming in its surroundings. I have spoken in my official capacity as Mayor of the City, and before sitting down would like to say that it is a great pleasure to me personally to have the privilege of addressing a conference of Methodist ministers. I bear, myself, the honored name of Wesley. I come of Methodist stock; my father was a class leader for forty years in the old historic town of Antrim, in Ireland. I am, therefore, a Methodist, my pastor, would sorrowfully say, I have not yet reached a high altitude in spiritual matters, but, gentlemen, remember this, that if we should all reach perfection, you, who are in the position of Othello, your occupation would be gone. I thank you for the very best and most interesting address I have ever given me, and wish you all great prosperity, both in the Church and in the world, and on behalf of the citizens invite you to stay as long as you like.

On taking his seat at the conclusion of his brilliant effort, the Mayor was loudly applauded.

Moved by Rev. E. Roberts, of Ottawa, seconded by W. H. Reid, M.P.P., that this Conference express its great satisfaction and unfeigned pleasure in having listened to the cordial and eloquent address of welcome presented by His Worship the Mayor of this City, and the Aldermen associated with him. We are delighted with the cordial welcome extended and are pleased to leave of the citizens of this historic City and of its commercial success.

Rev. E. Roberts, the mover of the resolution, said he found himself in a rather difficult position, but as John Wesley said, a Methodist minister goes where he is most needed. He had lived in Belleville for three years and had learned to know the character of the people. He had never met with kinder or more hospitable citizens than those of Belleville. He hoped the ministers and laymen of the Conference would receive here a cordial welcome and in this had not been disappointed.

Mr. W. H. Reid, M.P.P., in a few well chosen words, seconded the resolution, which was carried by a standing vote.

The President of the Conference said it was a great pleasure to convey to the Mayor and members of the City Council the cordial welcome of the Conference, and to say that they were with them in the sentiment expressed as to loyalty to Canada. There was no country loyalty in this, but a loyalty to the principles of the Constitution. The members of the Conference were enjoying the hospitality of the citizens. The Conference approved the kind words of welcome as expressed by the Mayor.

Mr. Johnson presented a report of the time and place of the next Conference, which was fixed for Cobourg in June next.

EVENING SESSION.

The reception service held last evening in connection with the Conference was one of the most interesting and important of the sessions yet held. Bridge street was filled to the doors with an appreciative and attentive audience. Rev. R. W. Young, President of the Conference, presided. The proceedings were opened by the singing of hymn 678, and prayer by Rev. W. J. Joliffe, B.C.L., of Pictou.

The President said the service of the evening was for the reception of the delegates into the ministry. They had a large class to receive into the Church.

The Secretary of the Conference, Rev. J. J. Rae, read out the names of the young men who were to be received, the following answering to their names: T. H. P. Anderson, H. T. Lewis, B.A., R. B. Cook, J. Mansell Irwin, B.A., R. Emerson, A. R. Terrill, B.A., S. C. Moore, B.A., B.D., R. F. Stillman and J. McConnell.

Short addresses were delivered by Messrs. R. F. Stillman, Thos. H. P. Anderson, H. T. Lewis, B.A., and A. R. Terrill, B.A., relating their experiences and call to the ministry.

Rev. S. J. Shorey, of Peterborough, in a few well chosen remarks, introduced a resolution asking that the names of those who had been read by the Secretary as probationers be received into full connection with the Church, and on Sunday next be ordained as ministers of the Methodist Church.

Rev. Dr. Cade, of Millbrook, seconded the resolution in an address full of inspiration. He said that it was a great privilege to be present at this conference, and that the motion was carried by a standing vote of the members of the Conference, after which the President addressed the young men, impressing upon them the important duties of their office.

Conference adjourned.

SATURDAY, June 3rd.

MORNING SESSION.

CONFERENCE SUNDAY.

Brief Summaries of All the Services

At Which Members of the B. of O. Conference Preached.

When a city is favored by the presence of a Methodist Conference within its borders the one day eagerly looked forward to is Conference Sunday, and though the weather was hardly as kind as he might have hoped yesterday morning, the attendance at all the City churches where visiting ministers preached was fair, while tonight the congregations were very large. The principal feature of the morning was the Ordination Service, presided in Bridge St. Church by the Rev. A. C. Corrie, M. A., D. D., editor of the Christian Guardian, which was a masterly effort. Upon the platform were the Rev. R. W. Young, Moderator of the Conference, Rev. T. W. Jolliffe, Rev. Dr. Lambie, Rev. Wm. Johnson, Rev. F. B. Stratton and Rev. T. M. Campbell, ex-Presidents. In addition to these there were the nine young men who were to be ordained. After the singing of a hymn, prayer was offered up by the Rev. F. B. Stratton, and the scripture lesson was read by Rev. T. W. Jolliffe. Rev. Dr. Corrie then proceeded to deliver the address, taking for his text the 1st verse of the 4th chapter of 1st Corinthians: "Let a man so account of us as of the ministers of Christ and stewards of the mysteries of God."

The text, he said, was one of interest in connection with the present occasion. The Christian ministers of the Lord Jesus Christ should recognize that He, Christ, is the master of the ship, and he, the minister, an under man. The Christian minister must recognize that he is the steward of the household of God. They are responsible stewards of divine wealth. The word mystery is something that is withdrawn from knowledge; that which is known to some and not to others. The secret of the Lord is with them that fear Him; that is the mystery.

The subject he would divide in three parts, namely: First, That Christian ministers are not sacrificing and mediating priests; secondly, that they are honored servants of the Lord Jesus Christ to preach in His stead, and third, that they are stewards of God's mysteries.

The New Testament says of the priest-hood that they are called to be a holy priesthood. Do we need an absolving priesthood? In a question asked, Christ did not to one disciple alone, but to all the disciples after His resurrection. He said the Holy Ghost would be given to them. Christ sent them out with the gospel. In reference to comments upon discourses the Rev. gentleman said comments on a sermon are contemptible rewards for the services performed by the minister. The church yields to the criticism of the world divisions and strife comes in, and the church is rent. Paul tells the Christian to be a man of the world, and live on the mountain top. These were mysteries because the human tongue is unable to express them. God's truths are greater than man's mind, and man's mind being larger than his tongue, he cannot express them, and while this lasts there will be mysteries. Those who were about to be ordained he would say, these were to be throughout their lives to reveal the mysteries of God. They would have to declare the mystery of the incarnation of God, the resurrection of Christ and the regeneration of sinful men. The Christian had a peace which the world cannot give, and which he takes away. In going out and doing this work of God would sustain them. Let them go forward and do His work and reveal His mysteries and at last they would be able to exclaim, as others had done: "Thanks be to God who gives us the victory through the Lord Jesus Christ."

At the conclusion of the sermon the ordination services were proceeded with. The President of the Conference being in charge. The young men were required to answer certain questions touching the doctrines and teachings of the church, which they complied with. They then knelt down and the President and ex-President, by the imposition of hands conferred upon them the authority to go forth and preach the gospel, each being presented with a bible and a copy of the church discipline. The young men ordained were: T. H. P. Anderson, H. T. Lewis, B. A., E. B. Cook, J. M. Irwin, B. A., R. Emberson, A. J. Terrell, B. A., S. C. Moore, B. A., D. R. F. Sullivan and G. McDonald.

Bridge St. Sunday School attracted the throng in the afternoon; its rooms were crowded to their utmost capacity. The proceedings were well arranged and every item on the programme was brief. The feature of the Conference was given such a reception as no will not soon forget; then the other members of the Conference were welcomed. The President, Rev. Wm. Johnson, ex-President; Rev. B. Greaves and Mr. Cephas Allan representing the Rev. Dr. Campbell, were both warmly welcomed. The formal tribute was both numerous and beautiful. The interest took place at the cemetery. The hearers were: Messrs. Jas. Wallace, J. H. Mills, J. Knox, Geo. Eccles, Chas. Farley and Wm. Owens.

THE TROUBLE IS NOT YET SETTLED

The Company Furnished Documents For Signature.

But Most of the Men Could Not See Matters in the Same Light as the Officials Did.

The sectionmen in this district, who were formerly employed from here westward, did not all return to work this morning as was anticipated. We are informed that the trouble lay in certain documents which the Company wished the men to sign, the said documents pledging the men to apply for positions as new men, the great majority of the sectionmen declining to sign and go back unless they were re-engaged as old employees and restored to their former status on the road. What their future course will be remains to be seen. The men on the Midland division returned to work this morning.

To Cure a Cold in One Day

Take Laxative Bromo-Quinine Tablets. All Druggists refund the money if it fails to cure. 25c.

ATHLETES ON THE CAMPUS

Another Successful Field Day at Albert College.

The field sports in connection with Albert College were held on Saturday afternoon on the College campus, and were the most successful in the history of the Institution. Owing to Conference being here a large number of the ministerial brethren and laymen were in attendance and evinced much interest in the proceedings. There were, in addition, a large number of our citizens present. The programme of sports was quite lengthy, and it was late when the last event took place. The officials of the day were:

Referee, Dr. Dyer on events and Prof. J. H. Fenton on football.

Judges, Messrs. Wm. Johnson, C. P. Holton and N. Vennart.

Announcers, H. P. Bennett and E. W. Delong.

Clerks of the course, W. G. Hancock, A. C. Sweetman, R. G. Pritchard and J. W. Beatty.

Scorers, J. Doolittle and E. W. Morgan. Starter, Wm. H. Shackel.

At 2:30 the games were commenced, the following being the successful competitors:

100 yds. dash, open—B. McIntyre 1st, C. Armstrong 2nd, J. Gordon and J. Given were also competed.

Slow Bicycle Race—J. Galbraith 1st, J. Dyer 2nd.

Hurdle Race—D. McIntyre 1st, J. Given 2nd, C. Armstrong 3rd, J. Gordon and C. F. Connor and E. Ford also competed.

Towing the cable—J. Given 1st, 29 ft. 11 in.; George Brownlee 2nd, 28 ft.

Vauling with Pole—G. Brownlee 1st, 17 ft. 10 in.; A. O'Rourke 2nd, E. Ford 3rd.

Broad Jump, standing—D. McIntyre 1st, 9 ft. 2 in.; G. Brownlee 2nd, 8 ft. 10 in.; C. F. Connor 3rd, 8 ft. 7 in.

Sack Race—J. Galbraith 1st, J. Dyer 2nd.

100 yards dash, students—D. McIntyre 1st, J. Given 2nd, C. F. Connor 3rd. E. Ford and J. Gordon also ran.

Quarter Mile Run—D. McIntyre 1st, J. Given 2nd, C. F. Connor 3rd.

100 Yard Dash, students under 18 years—E. Ford 1st, J. Galbraith 2nd, J. Dyer 3rd.

Throwing Javelin—G. Brownlee 1st, J. Given 2nd, C. F. Connor 3rd.

Points to secure the medal were counted in certain events in this way: J. Given counting 5, 2nd place 3, and 3rd place 1. The successful student was J. Given, who secured 37 points; D. McIntyre 23; G. Brownlee 20.

Between the hours of 4 and 5 o'clock a football match took place between teams representing the College and the Deaf and Dumb Institute. The game was continued for nearly an hour, but the teams were so evenly matched that neither side were able to score a goal.

THE CONFERENCE.

Monday, June 5th.
On Saturday afternoon no session of the Conference was held, but a number of Committees were at work preparing reports. In the evening no work was done. This morning the Conference was opened at 8:30 with devotional exercises, which lasted until 9:30. A number of Committees presented reports, which were adopted. A resolution was passed thanking Rev. Dr. Courtes for his able and instructive sermon at the ordination service.

At 8 o'clock this evening the Theological Union Lecture will be given in Bridge St. Church by Rev. The Manning, B. A., subject "The Relation of the Gospel to the Progress of the World."

DESTRUCTION WAS GREAT.

From All Around the Surrounding District There Come Tales of Woe.

Churches Blown Down, Barns Wrecked and Trees Uprooted, But So Far No Loss of Life is Reported.

About 3 o'clock yesterday afternoon heavy, howling clouds were to be seen gathering in the sky in a northwestern direction from the City. The rumbling of the distant thunder denoted that a storm was approaching, and it gave evidence of being severe in its character. Before any rain descended the wind blew with considerable force here, but from the following accounts it is seen that it was not so violent as that our citizens were fortunate in escaping the path of the tornado (for such it proved to be) that swept through a portion of the Township of Thurlow and Huntingdon. After the storm had subsided its path was plainly visible on all sides. Churches, barns, sheds, trees and fences were leveled, the scene being one of complete desolation. Mr. Elazar Brimble, cheese buyer, of this City, was in the vicinity of Moira, Huntingdon Township, at the time, and he stated to an INTELLIGENCER representative that the scene was one of wild confusion. The wind blew with terrific force, leveling barns and trees with apparent ease. As far as it was possible to learn to-day, the following damage was sustained:

On the 8th concession of Thurlow, the Zion Hill Methodist Church, a brick structure, was leveled to the ground. The edifice was situated upon a prominent hill and received the full force of the storm. It was a rather aged structure, but was in a good state of repair. The loss to the community will be a severe one. Rev. F. J. Anderson is pastor of the Plainfield circuit, in which this church is situated. Fences and trees in the vicinity also leveled.

Mr. J. Foster's barn in the 2nd concession of Huntingdon was unroofed and otherwise injured.

Mr. Walter Sears' barn in the 2nd concession of Huntingdon suffered a like fate. This was a commodious and well constructed building.

Mr. R. J. Gordon's barn, in the 8th concession of Thurlow, was in the line of the storm, and it was, unable to withstand the force of the wind and was blown down.

The road in various parts of the track of the storm were strewn with trees and fences, making them impassable. In the 8th concession of Thurlow, near Mr. R. J. Gordon's residence, was a beautiful row of poplar trees, all of which were severed, some being overturned.

The Madoc train, due here at 5:30, was compelled to stop near West Huntingdon station and remove the track rails and limbs of trees which were strewn over it. Mr. Levi Graham's barn was unroofed. A valuable horse belonging to that gentleman and his log broken and had to be destroyed.

The roof of Mr. W. P. Hudson's barn at Roslin was taken off, and other damages sustained to the building.

The Bethel school house in the 8th concession of Thurlow was unroofed.

The Methodist church at West Huntingdon was bereft of its spire and a portion of the brick work in front.

Mr. Geo. Hollinger's barn, 8th con. of Thurlow, was unroofed.

The house of Mr. Jas. English, 4th con. of Huntingdon, was severely damaged, the end being carried away.

Mr. W. H. Monton's house, 1st con. of Huntingdon, sustained considerable damage, roof being taken partly off and some 40 lights of glass broken.

Mrs. Halbur's barn, 1st con. of Huntingdon, was completely demolished.

Mr. David Corrigall, 1st concession of Huntingdon, sustained damage to his barn and house, the former being unroofed and the latter considerably damaged.

The barn on Mr. Samuel Ketcheson's farm, 2nd concession of Huntingdon, was unroofed, and damage done to surrounding buildings.

Mr. W. J. Salisbury's barn, 2nd concession of Huntingdon, was unroofed.

Mr. John English's residence, 2nd concession of Huntingdon, was damaged to a considerable extent.

Mr. J. G. Foster's house in the 2nd concession of Huntingdon, received a severe shaking up. A number of lights of glass were broken, and other damage done.

Mr. Jas. McKevoy's barn, in the fifth concession of Huntingdon, was leveled, and other outbuilding buildings damaged.

The roof of Mr. P. Farney's drive house, in the 4th concession of Huntingdon, was blown off.

Mr. R. P. Hamilton, of this City, has a farm in the 8th concession of Thurlow. The roof of the barn was taken off.

Mr. Robert Preston's barn, in the 1st con. of Tyendinaga, was struck by lightning, and also received the full force of the cyclone. It was some distance off its foundation and partly demolished. He lost a number of vehicles and farming implements.

Barns belonging to Michael and Patrick Shannon, 6th con. of Tyendinaga, were unroofed.

Our Sidney Crossing correspondent states that the storm did not spare that place, and in that section of the country. Farm buildings were damaged, trees in orchards were overturned, and the side roads are impassable on account of fallen trees.

FOUR KILLED BY LIGHTNING.

All of Them Lived in Western Ontario, the Storm Centre.

The Wife and Son of Wm. Ladouceur of Penetanguishene Struck and Killed—While Father of Family Was on Charles King of Burlington Also Victim of the Electric Bolt—Harris, Stables and Houses Struck and Burned.

Penetanguishene, Ont., June 6.—During a very severe thunderstorm, which passed over here last evening, lightning struck a small log house about two and a half miles out, killing the wife and son of William Ladouceur, and shattering the house, stove and pipes and the windows. The lightning came down through the stovepipe.

Young Lad Killed Near Hamilton. Hamilton, June 6.—A severe thunder and wind storm struck the city about 4 o'clock yesterday, and considerable damage was done. The storm proved to be a bad one. William Lawry, 21 King William street, being struck by lightning on the beach road. His body was found under a tree in front of Tuckett's farm soon after the storm passed over. His face was burned and the right side of his body scorched. One of his shoes was burst in the back where the electric bolt passed through his body. Lawry, who was 14 years of age, was riding home from the beach. He notified the police, who brought the body to the city morgue. No inquest will be held. The unfortunate youth was the only son of Simon Lawry, furniture dealer.

Struck by Lightning at Galt. Galt, Ont., June 6.—A very heavy rainstorm, accompanied with hail, wind and lightning, passed over Galt about 4 o'clock yesterday afternoon. The stables belonging to the Baker House were struck by lightning and burned. The horses were rescued, but the hay and other contents were destroyed. Loss estimated at about \$1,000. The dwelling house of William Mogg, St. James street, was struck by lightning early Sunday morning.

Struck by Lightning at Galt. Burlington, June 6.—During the heavy thunderstorm which visited this section Sunday morning, Mr. Charles King, a young man of about 25 years, was struck by lightning while in his barn, and was paralyzed from his waist downwards. He is a well-known and popular young farmer, and a fancier of horses.

Barn and Stable Destroyed. Windsor, Ont., June 6.—The barn and stables owned by Thomas S. A. Alkin, about a mile and a half from here, were struck by lightning and destroyed early Sunday morning. Everything was saved except a quantity of hay, some poultry and a cutter. The place is insured.

MR. J. P. WHITNEY, Q.C., M.P.P.

Opposition Leader Advocates a Drastic Measure to Put Down Mobocracy.

Toronto, June 6.—Last night Mr. J. P. Whitney, leader of the Opposition in the Local Legislature, addressed a crowded audience in the Conservative Club here. He was preceded by J. J. Foy, Q.C., M.P.P., G. F. Martineau, M.P.P., and Charles Calder of South Ontario.

Mr. Whitney, after a deserved compliment to Mr. Charles Calder, dwelt at length on the corrupt practices of the Government in South Ontario and other by-elections. He pointed out the ineffectiveness of the law for bribery, and said the only cure for bribery was impeachment as well as a fine, such as had been proposed in his bill on the subject.

At the last session of the House, legislation passed in such a hurry that the close of the session was treacherously dealt with. The income agencies of the Government had been exerted in the by-elections, while the Opposition had no organization to deal with them.

Mr. Whitney, moved by Mr. C. Robinson, was passed, and the meeting adjourned.

FIRE ON BENJAMIN ST.

Barn and Contents Destroyed—Horse Burned to Death.

Between the hours of 1 and 2 o'clock this morning fire destroyed a frame barn on the premises occupied by Mr. Duncan Easterly, Benjamin street. How the fire originated is a mystery, as when seen the structure was all ablaze. In the barn was a horse belonging to Mr. Easterly, but the animal could not be rescued and its life was sacrificed. He lost, in addition, a buggy, cutter, wagon, robes, harness, etc.

The fire, owing to the distance from the station, was unable to save the place. Legislation passed in such a hurry that the close of the session was treacherously dealt with. The income agencies of the Government had been exerted in the by-elections, while the Opposition had no organization to deal with them.

Mr. Whitney, moved by Mr. C. Robinson, was passed, and the meeting adjourned.

CONFERENCE

Wednesday, June 7th.

The Committee appointed to carry out the
Twentieth Century Plan scheme in this
Conference were present. Rev. W. R. Young,
Pastor; Rev. Dr. J. H. S. S. Shorey, C.W.
Watch, Messrs. E. D. O'Flynn, Wm. Johnson,
and Dr. Ford.

Mr. E. D. O'Flynn spoke on behalf of the
fund and gave \$1,000 to it. The ministers
heavily leaning would cause the membership to
follow.

The Committee on Conference Relations
recommended the appointment of the
following: Rev. S. J. Peterson, H. I. Allen, Chas.
Mearns, S. C. Phillips, E. S. Shorey. The two
latter have served the church for upwards of
forty years. In the case of Dr. Galbraith, who
was superannuated by the Toronto Conference
for years, it was noted that several physicians
had declared he was unable, because of a
weakness of the throat, to longer preach. He
was, therefore, superannuated. The last min-
ister takes part of his claim, and uses that
in church enterprise.

Conference session.
Conference assembled at 2 o'clock, President
Young in the chair. After devotional exercises
considerable routine business was gone through
with.

The following motion was put:
Moved by C. E. McIntyre, seconded by
Wm. Johnson, that whereas the statements de-
rogatory and insulting to the whole Methodist
church were made by the Hon. Israel
Dart, at the conference of the House of
Commons on the floor of the House of
Commons, in certain false and malicious
charges which he preferred against the
Methodist Church in Parliament, to wit: as a
Conference representing more than 12,000
members and adherents of that church, desire in the strongest
and most emphatic terms to resist those unjust
charges against our brethren and the
slur cast on our whole denomination, and
demand a full retraction of them in the
place where they were made and as ample
apology for the grievous insult offered to
us. And we call upon our brethren of the
Methodist Church in Parliament to insist
upon a compliance with our demands on the
floor of the House of Commons.

And we further suggest that the atten-
tion of the General Superintendent be
called to this matter and he be requested
to take it up and press the case till full
satisfaction be given.

Copies of this resolution were sent to
the President and to the several members of
Parliament who are ministers or adherents
of the Methodist Church within the bounds
of this Conference.

A Ministerial session was held, which was
of a private nature.

At the evening session, Rev. Wm. Johnson,
President, presided. The President being
in the Stationing Committee, which was in session
at the Tabernacle church.

Reports were presented from the Memorial
Sunday School, Epworth League, State of the
Work and Sabbath Observance Committees.

It was decided, after a somewhat lengthy
discussion, that the next meeting of the
conference should be held at 8 o'clock in
P. W. Wesley's warehouse, important
matters are to come up.

The representatives to the General Board of
Mission, which meets in June, City, were
elected, they being Rev. C. W. Watch and
Mr. Wm. Johnson, of this City. This was
done in acknowledgment of their services in
bidding the Conference, etc.

The Stationing Committee reported to
Conference. It was found that very few changes
had been made, none of importance, to con-
sider. The stations were read by Rev. W. J.
Young, Secy of Stationing Committee, and
immediately after in some cases were
changed.

The election of Chairmen resulted as follows:
Belleville District—Rev. C. E. McIntyre.
Napane—Rev. C. Parker.
Pictou—Rev. E. S. Hough.
Brighton—Rev. E. G. Greig.
Cobourg—Rev. J. A. McCann.
Bowmanville—Rev. J. J. Rae.
Whitby—Rev. W. J. Clark.
Cannington—Rev. J. J. Clark.
Lindsay—Rev. J. J. Clark.
Peterborough—Rev. J. E. Moore.
Campbellford—Rev. J. W. Trotter.
Malden—Rev. S. T. Bartlett.
Tarnworth—Rev. J. S. McCall.

Votes of thanks were unanimously passed to
the citizens of Belleville for their munificent
entertainment of Conference to the Billington
Committee to the Trustees of Bridge, and
Toleration Churches to Bridge at night, and
to the Press of the City.

Rev. E. Roberts led in prayer and the benediction
by the President closed the night
brought the Conference to a close. Next night
it will be held at Cobourg.

NOTES.
A most harmonious session of the Conference,
all the members said.

Mr. Arthur Johnson, who most acceptably
filled the position of postmaster at the Confer-
ence, was last evening presented to the Confer-
ence by Rev. C. W. Watch. The President on
behalf of the Conference acknowledged the ser-
vices rendered by Mr. Johnson, and on behalf
of the Conference presented him with a purse
containing \$20.

Investigate.
Many men imagine themselves hard to
fit—their tailor told them so. Our sort of
ready-to-wear clothing would probably
change that notion as well as the notion
that a custom tailor gives better clothes,
better trimmings, better cut. Because he
charges as though he did, it is no reason that
he does. Investigate for yourself.

name we could not find out, is coming to
take the position of Station Agent at Belle-
ville.

CROOKEDNESS ELECTIONS

Bill to Change the Word "May"
to the Word "Shall."

Mr. Ingram insists upon having "Shall"
inserted in the Election Act—None
other. Some Change Proposed—
The Grand Trunk Request. Miss O'Connell
pled Mat of the Time and the House
Sat Late.

Ottawa, June 7.—In the House yester-
day afternoon Mr. Ingram introduced a
bill to amend the Election Act, and in-
gave so explained that it was intended
to meet some of the questionable methods
now resorted to in elections for instance,
the importation of outsiders to act as
deputy returning officers. The bill also
proposed to amend by enacting that
should a voter be expelled from the ballot,
the deputy returning officer "shall," not
"may," furnish him with another. The
bill further provides that the deputy re-
turning officer, when the ballots are
being counted, "shall" expose the face of
each ballot to the view of agents pres-
ent. There are also a number of clauses
dealing with minor disabilities. The bill
was read a first time.

That Disallowed Act.
Mr. W. W. B. Melnes (Liberal, Van-
couver) asked the Premier for a state-
ment as to the correctness of the press
reports as to the disallowance of an act
of the British Columbia Legislature.

Sir Wilfrid Laurier replied that after
certain correspondence with the Govern-
ment of British Columbia in regard to
legislation passed by the Legislature dur-
ing its session of 1898, in reference to
the exclusion of Japanese labor, the Gov-
ernment came to the conclusion that the
law should be disallowed, and so recom-
mended to His Excellency. The corre-
spondence, he added, will be brought
down in a few days.

Klondike Mail Arrangements.
There was a further discussion on the
Klondike mail arrangements. Mr. Tay-
lor, the Opposition whip, referring to the
case of a constituent of his who had had
difficulty to him from the deership
office in Victoria two parcels mailed for
Dawson.

Mr. Mulock repeated his explanation
that until navigation opened, about June
15, only letters could be sent by the
Yukon mails.

The Grand Trunk Lease.
The House went again into committee
on the Grand Trunk Lease.

Col. Melancthon disagreed with Mr.
Blair's estimate of the cost of a right-of-
way and other expenses of construction
of a line from St. Roch to St. Lambert.

Mr. Blair defended his estimate of the
cost by saying they were prepared by the
officers of his department. Mr. Jordan,
Mr. Bergeron and other members said
some of these estimates of cost were
absurd, particularly that of \$300,000 for
the Yarns and bridge—Bill cost long.

After recess the House resumed in com-
mittee the consideration of the bill. The
debate went up by Mr. J. L. Lennan,
Mr. Foster, Dr. Sparrow, Mr. Powell,
Mr. Macell, Mr. Bergeron and others.

The committee rose at 3 a.m., reported
progress and the House adjourned.

THE SENATE.

The Upper Chamber Did Some Business
on Monday: The Act to Amend the
Companies Act Reported.

Ottawa, June 7.—In the Senate yester-
day morning the bill respecting the
Hamilton Powder Company was read
third time and passed.

The House then went into committee
on the act to amend the Companies Act,
and after discussion the bill was reported.
Several bills were read a second time
and referred to their respective com-
mittees, and a number of bills from the
Commons received their first reading,
after which the Senate adjourned.

THE USURY BILL.

Five Per Cent. Per Day Charged by
Montreal Usurers.

Ottawa, June 6.—At a meeting of the
Senate committee on banking and com-
merce yesterday the Canada Life Assur-
ance bill was passed without any amend-
ments.

An act incorporating the Imperial
Loan and Investment Company was also
adopted, as was also an act respecting the
Home Life Assurance Company of Canada.

An interesting discussion took place on
Senator Dandurand's bill respecting
the Home Life Assurance Company of Canada.
It was stated that the bill was in
stances where as high as five per cent.
per day was charged, and there were
numerous cases of 20 per cent. per
annum. In some cases men had their
wages garnished for two years for small
debts, and as much as \$10 was still owing at
the end of two years.

Sir Mackenzie Bowell gave similar
instances of how the usurer operated.
There was strong feeling at the com-
mittee in favor of the bill, the only
difference of opinion being that the bill
did not go far enough.

Hon. David Mills stated that, after dis-
cussing the matter with Senator Dan-
durand, he decided to suggest that the
bill be amended so as to reduce the maxi-
mum rate of interest from 25 to 10 per
cent. per annum on contracts, and from
10 to 5 per cent. per annum after judg-
ment.

Senator Dandurand announced that it
is his intention to move a further amend-
ment to the measure, so as to provide for
a fine of \$1,000 for the practice of pro-
fessional usury.

The measure was referred to a special
committee, consisting of the Ministers of
Justice, Senators Miller, Clemons, Dan-
durand and Wood.

Another Stolen Child Sensation.

New Britain, Conn., June 7.—Anna
Eckhardt, the 4-year-old girl who has
been missing since Sunday afternoon,
was found about 2:30 yesterday afternoon
in a family of trees about one mile from
the place where she was last seen. The
child was alone and seemed not to have
been hurt. It has not yet been deter-
mined whether she was lost or whether
she was taken off by someone.

and throat, there is no preparation of medicine can compare with Bickel's Anti-Consumptive Syrup. It never fails to afford prompt relief, and is equally efficacious in all cases, but hails the disease in its early stages, and attacks the lungs before it has time to reach the more troublesome cough, and by promoting expectoration, it keeps the lungs free from the impurities in the air which causes irritation in breathing, thereby gives relief to the lungs, and the patient experiences that depressing tightness experienced in the throat, and the coughing fits which wind Bickel's Anti-Consumptive Syrup, inextinguishable way, as it speedily and efficaciously allays all irritation, and hushes the throat, and the coughing fits, and gives to the vocal cords, rendering voice clear and sonorous. If parents wish to save the lives of their children, and to prevent the disease from becoming a fatal one, let them procure a bottle of Bickel's Anti-Consumptive Syrup.

Personal trial.—I contracted cholera last winter which resulted in my becoming totally deaf in one ear and partially so in the other. I was very anxious to consult several doctors, but without any relief. I was advised to try Dr. T. J. Electric Oil. I warmed the Oil and rubbed it on my ears. After a few minutes I heard my hearing was completely restored. I have heard of other deafness being cured by the use of this oil.

GREAT BRITAIN OR RUSSIA

May Possibly Purchase the
Philippine Archipelago.

Even Germany May Make a Bid.—The
President of the United States seems
to be tired of carrying out Monarchi-
cal Ideas—in some quarters it is
thought a Sale Would End the
Trouble.

Washington, June 7.—Many solid ones
have been offered for what appeared to
be the puzzling attitude of the Adminis-
tration since the recent discussion over
reinforcing General Otis by a call for
volunteers or by depleting the regular
forces on the continent began.

It is explained that the reason the
President finally announced that no call
would be issued, although he knew that
Gen. Otis considered 75,000 men necessary
to subjugate the Philippines, was that
the Chief Executive did not wish to give
the country an illustration of the diffi-
culty of conquest.

There is now current in high circles
some mysterious talk about another
reason, and that is the sale of the Philip-
pines to Great Britain or Russia. De-
spite the manifested unpopularity of Amer-
ican diplomats over the German purchase
from Spain, there is really not only
chagrin but distinct anxiety also. The
Cavaliers and the Ladrones form a cor-
don around the Philippines. Germany's
engagement to protect Spanish naval sta-
tions can easily become an alliance
between the two countries.

Germany Won Her Point.

The chagrin is felt because the peace
commissioners at Paris yielded to the
sympathetic overture of Germany not to
strip Spain of all her Pacific possessions,
and now she has directed herself to our
possible disadvantage. Hence the
rumor that negotiations have been pend-
ing for a transfer of the Philippines to
Russia or Great Britain receives credence.

It cannot be stated that Russia is
showing any eagerness to invest, for the
islands are far south of her sphere of
influence in China. The intrigues of
Great Britain lie all around them, and
her watchfulness of Germany's move-
ments in colonial expansion may make her
the ultimate purchaser.

There has been something peculiar
about White House news for weeks, and
the air is being burdened with a secret
state which has characterized high
officials. The explanation now asserted is
well informed circles explains several
matters, whether all the facts be correct
or not.

The President knows that he cannot
emerge from all the dilemmas arising
from his Philippine experiment by selling
the islands unless he first subdues the
inhabitants by diplomatic blandishments
or force of arms. He yet relies upon the
good offices of the Schurman commission.

Germany Playing a Part.

With peace thus protracted, it is claimed,
he would reach his end of the road
distracting subject by a sale to some for-
eign power. The strongest notion of the
President is not destroyed.

THE CHIEFTAIN'S MEMORY.

Decorations Day for the Macdonald Monu-
ment in Toronto Queen's Park.

Toronto, June 7.—Thousands of the
good citizens of Toronto assembled in
Queen's Park yesterday afternoon to
witness the decoration of the monument
erected to the memory of Sir John A.
Macdonald. Seven years ago yesterday
the great statesman passed away, and the
popularity of this annual commemora-
tion, inaugurated by the Toronto Con-
servative Club, is evidenced by the
success of this year's celebration.

Among the chiefs of the Conservative
party present were Hon. Sir Charles
Tupper, M.P., Mr. J. P. Whitney, M.P.,
Mr. E. F. Clarke, M.P., Mr. J. J. Foy,
M.P., Mr. G. C. McPhee, M.P., Mr. G. V.
Moloney, M.P., Mr. H. A. Powell, M.P.,
Hon. J. Casgrain, M.P.

Prior to the decoration ceremonies, which
began shortly after 8 o'clock, a reception
was held in the rooms of the Conserva-
tive Club in the Toronto Arcade.

The floral tributes were splendid and

very numerous. Handsome wreaths were
sent by all the Ward Conservative asso-
ciations of the city, the Conservative Club,
the Albany Club, the House of Com-
mons, the Macdonald Club, the Central
Conservative Association and many pri-
vate individuals. That from some Conser-
vative Association was a very beautiful
wreath of white flowers, bearing the
motto, "British Subject, 1818 to 1891."

Mr. Dumas presided over the proceed-
ings, which were of a most interesting
nature. Wreaths were deposited on the
monument by Hon. Sir Charles Tupper,
Mr. Whitney, Dr. Hoche, Mr. Clarke,
Hon. T. S. Casgrain, Mr. Foy, Mr. H. A.
Powell and Mr. J. J. Foy.

The greatest enthusiasm prevailed
throughout.

The Kingston Ceremony.

Kingston, June 7.—In accordance with
their annual custom the Macdonald Club
of Kingston yesterday afternoon decorated
the grave of Sir John Macdonald in Cata-
ract Cemetery. Wreaths were deposited
on the mound by representatives of the
Macdonald Club and the Conservative
Association of this city and the Conserva-
tive members of the Dominion Parlia-
ment. Rev. J. Mackie offered the open-
ing prayer.

In his address as president of the
Macdonald Club, Mr. T. J. Shanks said
that as the living Sir John Macdonald
receded from view, the characteristics
which endeared him to his countrymen
would gradually fade out of memory,
and yet more would be gained than
would be lost, for an ideal would arise
more truly conveying to posterity his
loyal spirit and his genius as a construc-
tive statesman.

ROASTING JIBRAEL.

Mr. J. Israel Tarte, Minister of Public Works in the Laurier Cabinet, is probably sorry by this time that he made his most famous remarks about the Antiochian settlers. The Bay of Quinte Conference, following the lead of the Montreal Conference, passed a resolution condemning, in good set terms, Mr. Tarte, for the "grievous insult" offered to the co-religionists on the Island of Antioch. The full text of the resolution will be found in another column. We commend it to all men who have fair play. Will they allow a message and a salute to insult their co-religionists with impunity? We think not. Mr. Tarte's apology must be full and ample, or he will find that, even though he has Quebec and the weak kneed Premier at his back, there are enough voters who have fair play in the Dominion to hurl him from power and make an example of him.

SNAP SHOTS AT TIMELY TOPICS.

—A Portsmouth (N.J.) paper advises for help to a treasure found in Portsmouth and adds that the money is now in the hands of a lawyer. What's the use of finding the heirs?

—How the blue blood of the late lamented Jay Gould would have thrilled through his veins could he have seen the parade of the Gosses Castellans at the head of the Young Royals at the Autoull race course on Sunday.

—A cook in St. Louis put some russet shoes dressing on a salad in lieu of mayonnaise dressing, the supply of which had given out in that household. The family thought the cook was very ingenious until some of the members began to get sick up to death. Even amateur cooking should not be amiss in St. Louis.

—A letter from Lord Strathcona announces that warrants have been published in London Gazette, providing for the issue of a colonial long service medal. All organized military forces, excepting regulars, are to be entitled to the medal, and all ranks will be eligible.

—Tarte has not yet apologized, but his paper, La Patrie, has made the case a little worse by stating that the Antiochian Methodist are "highwaymen and bandits" and "adventurers." Of course Tarte is a row, and it looks as though this time he'll get all the fun he wants.

—A convict recently escaped from jail at Kaituma, in the canton of Selkirk, where upon the warden led out the other prisoners to hunt for him. The townspeople hospitably treated them to drink, with the result that, though they were unable to find the fugitive, they had to be helped back to the jail at night, as they were all helplessly drunk.

—The revelations in South Ontario were disgusting enough at previous election time, but the last season where Hon. Mr. Dwyer's tenure of office disappeared before the trial was ten minutes off, was appalling. The electorate of Canada are not prepared to excuse bare-faced bribery, though when hard pushed they are apt to engage in it. —Saturday Night.

URSA MAJORS.

Man's mastery over the Animal Kingdom is Marvelously Displayed.

The marvelous, diversified character of the wonderful performances of the combined Adam Forepaugh and Sell's Brothers' circus has been widely commented upon by the metropolitan journals. No other show ever attempted such a gigantic display of aerial, aerial or terrestrial tricks, and the variety of the program is dramatic triumphs. The biggest of all American circuses will on its visit here, Friday, June 10, present an astonishing array of wonderfully trained animals, including the surprise of the hour—Julius Carl's celebrated troupe of highly intelligent giraffes, which, under the master, eating and drinking in precisely the same manner, and subsequently engaging in various games, puzzles and laughable cake-walks, concluding the sensational scene by unflinching Old Glory to the breeze, giving three cheers and a tiger.

My baby had a terrible breaking out all over his body, and it was so bad that he was almost dead. A physician gave me a prescription which I used, but he kept getting worse, and suffered beyond description. The pain became so intense that he had to be put under an anesthetic. We would get no rest, night or day. He divided down to a mere skeleton. Everybody who saw him said he would never live. As he had a fever, I was told to give him a small amount of a medicine called CUTICURA. I bought a box of CUTICURA, and after using it for a few days, he began to get better. He was able to eat and sleep, and his skin began to clear up. In nine weeks, he was completely cured, and not a sign left to tell of his awful suffering.

My baby had a terrible breaking out all over his body, and it was so bad that he was almost dead. A physician gave me a prescription which I used, but he kept getting worse, and suffered beyond description. The pain became so intense that he had to be put under an anesthetic. We would get no rest, night or day. He divided down to a mere skeleton. Everybody who saw him said he would never live. As he had a fever, I was told to give him a small amount of a medicine called CUTICURA. I bought a box of CUTICURA, and after using it for a few days, he began to get better. He was able to eat and sleep, and his skin began to clear up. In nine weeks, he was completely cured, and not a sign left to tell of his awful suffering.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended as a medicine, and people who use it as such will soon regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice and one which is fraught with danger. The soda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach, and lowers, and causes acid to be secreted. It has accumulated in the intestines, causing death by inflammation or perforation.

Dr. Harlanford recommends as the safest and surest cure for your stomach (acid dyspepsia), an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20-grain lozenges, very pleasant to taste and contain the natural acids, pepsins and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach trouble, and finds them a certain cure not only for your stomach, but by promptly digesting the food they create health and relieve the action of the heart and liver. They are not a cathartic, but intended only for stomach distress and weakness and will be found reliable in all stomach troubles except cancer of the stomach. All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the F. A. Stuart Co., Marshall, Mich.

For Orangemen Particularly.

Owen Sound, June 6.—Mr. F. Schultz, (son of Baldu, Man, but formerly of Belleville, Ont.), Grandmaster of the Manitoba Orangemen, stopped off at this place Thursday afternoon, en route from Toronto to Winnipeg, and spent several days among prominent citizens, from whom he received a most cordial welcome, and many were the congratulations he also received for carrying home the important office of Grand Lecturer in the Orange and Air Black Foresters. Mr. Schultz was the guest of Grand Officers, can no more be checked. The Grand Lodge hereafter will ever contain Manitobans among its representative officers. Having spent two or three days enjoyably in Owen Sound, he left Saturday evening in the C.P. steam ship Manitoba for Winnipeg, carrying with him the best wishes of hosts of Orangemen in this district for his future health and ever increasing prosperity. Mr. Schultz is now visiting among relatives in Hastings and Northumberland counties.

Asthma Cure vs. Asthma Relief. It is a recognized fact among those suffering from asthma that the longer they use the temporary relief asthma remedies which require to be burned, the worse they become. It is now an effectually cured. Clark's Kola Compound is not among this class, but will permanently cure the worst case of asthma in from 10 to 30 days. F. J. Panton, proprietor of Panton's Medicine Works, Toronto, writes: "I have cured many cases of asthma in my long career as a great sufferer from asthma in my worst form for over 15 years, and had consulted many physicians both in England and Canada, but obtained no relief. A friend of mine who had been cured by the Kola Compound advised me to try it, and I now sleep soundly and feel well. I have not had a single attack since, and previous to taking Clark's Kola Compound I have many nights had to sit up nearly all night. It is truly a wonderful remedy, and it is a fact that I have never known any other remedy to cure asthma so quickly and so permanently. I have not had a single attack since, and previous to taking Clark's Kola Compound I have many nights had to sit up nearly all night. It is truly a wonderful remedy, and it is a fact that I have never known any other remedy to cure asthma so quickly and so permanently. I have cured many cases of asthma in my long career as a great sufferer from asthma in my worst form for over 15 years, and had consulted many physicians both in England and Canada, but obtained no relief. A friend of mine who had been cured by the Kola Compound advised me to try it, and I now sleep soundly and feel well. BURGLARS AT BARRIE.

Tried to Get in the Bank of Commerce at Barrie but were Follied.

By Associated Press To-day.

Barrie, June 8.—Soon after midnight last night an attempt was made to enter the Bank of Commerce by a rear door, but the effort failed through the movements of clerks in their sleeping apartments.

The night watchman was notified and he arranged with four Grand Trunk constables to give help in the event of another attempt being made.

Two hours after the door was tried again. The alarm was given at once and Watchman Martin and Constable Reid caught the burglars off in the lane. Reid caught hold of one of the men, but in the scuffle Reid fell into a cellar excavation and the burglars got away. Reid's head was cut badly.

Glorious News.

From Dr. D. B. Cargill, of Washita, I. T. He writes: "Four bottles of Electric Bitters have cured my chronic constipation, which has caused me great suffering for years. Terrible sores would break out on my face and head, and the best doctors could give no help; but her cure is complete, and that is what I needed." This shows that Electric Bitters is the best blood purifier known. It is the supreme remedy for constipation, rheumatism, ulcers, boils, and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold by J. S. McKewen, Druggist, Guaranteed.

THE ISLAND PARK.

Some of the Rules Which Will be Enforced for the Public Good.

This beautiful resort never looked better than at present, and is visited daily by a large number of our citizens who desire to seek a cool and refreshing location. There will no doubt be a large number present to-night, being the first appearance of the band. In order to protect the comfort of the guests, the following notice has been placed up in a conspicuous place:

Any improper conduct on the Park, injury to trees and shrubbery, removal of property from the grounds, or placing of property of damage of any kind will subject the offender to prosecution.

It is also to be noted in connection with this matter that boys will not be permitted to bathe in the vicinity of the Park.

A DISTINGUISHED PARTY.

The Minister of Public Works Welcomed and Shown Some of the Beauties of Belleville.

The Minister of Public Works, the Hon. J. Israel Tarte, arrived in the harbor on the Government tug John Pratt about 7 o'clock last evening. Mr. Tarte is on his way to Port Colborne, the western terminus of the Welland Canal, to inspect the public works there in progress. He is accompanied by Mr. J. J. Howden, an engineer of his department, and by his Secretary. Two of his daughters and one of his sons are also of the party. Learning of the arrival of the distinguished company, Mr. H. Corby, M.P., His Worship, Mayor Johnson, Geo. Wallbridge, Esq., Chairman of the Harbor Commissioners, and Mr. L. L. Bigger proceeded to the wharf to call upon them and give them a welcome to Belleville. Mr. Corby and the Mayor accompanied the Minister and his family in a drive around the City and to the park, where the excellent work accomplished by the dredge, so kindly lent for use in the harbor by Mr. Tarte, was pointed out. None of the party had been in Belleville or through the Bay of Quinte before, and all expressed the pleasure the trip had given them and their admiration of the City and the scenery surrounding it. Mr. Tarte was very much interested in learning of the establishment of the rolling mills here and of the charcoal iron works at Deseronto. The trip went well and an early hour this morning.

Counterfeit Money is in Circulation in This Vicinity.

There appears to be considerable spurious money in circulation in this vicinity, and people who are carelessly accepting the silver which is offered them.

This morning a woman offered the Market Clerk a bad quarter in payment of market tolls. The bogus coin is a good imitation of the genuine and had a fairly good ring, but was laid in order and easily seen. The coin was confiscated by the police, but as the lady in question was evidently innocent party no action was taken against her.

IT'S ON TIGHTER THAN EVER

Was the Statement of the Trackmen's Executive.

"We're Quite Satisfied With It," Says the Grand Trunk Management—Trackmen's Executive Says No Settlement. Will Be Considered Unless It Is in Writing. A Statement to the Effect That the Company Is Trying to Settle.

Montreal, June 8.—"The strike is on again tighter than ever," says the Trackmen's Committee.

"We are quite satisfied with everything," says the Grand Trunk.

That is how matters stood last night in connection with the difficult settlement between the Grand Trunk and the Trackmen's Union. The strike inaugurated by the latter more than two weeks ago and called off on Saturday last was yesterday morning officially declared on again, and the men once more announced to lay down their tools and quit work. Mr. Lowe says that when it was found that the strike was in action, the men rejected, indignant protests were telegraphed to headquarters ordering a resumption of the strike. A call at the office of the Grand Trunk revealed the fact that the management regarded the strike as over. The men who have come out the second time have nothing to look for from the company, who say that, with the new labor they have secured during the time the strike was in action, they will be able to get the work done and have remained faithful, they have practically all the men required for their purpose at present.

A Settlement in Writing.

The executive committee of the Grand Trunk trackmen claim that nearly all the men on the system have again gone on strike. The executive say that no settlement will now be considered unless it is in writing. The Grand Trunk officials apparently do not attach much importance to the latest developments, and say they can get all the men they require. They deny most emphatically that any promises were given.

New Try to Make Terms.

Toronto, June 8.—Late last night there were a few new developments in the end of the Grand Trunk Railway trackmen's strike which go to show that the officials are doing their utmost to get the men back to work. All efforts so far have been unavailing, and the men are still not at work. The men say here that, to their knowledge, not a man has resumed his work since the strike was commenced, and that only 60 trackmen are patrolling the middle division.

The Men Had Their Eyes Opened.

James Imlie received the following telegram yesterday from the executive committee in Montreal: "Yes, things going all over. Tell the boys to get back to work. Brothers turning out like boys. Hays helped more than hurt us. Will not do so again. Your response is gratifying; post us daily."

"Thanks. No return to work till signed and sealed," says the officials say.

What the Officials Say.

The officials said yesterday that 60 per cent. of the trackmen on the middle division were back at work again. General Roadmaster Ferguson was sure that 400 men were on the middle division, and that official said that the men were returning and the road was in a good condition.

CONSERVATIVE CONVENTION.

Manitoba Will Meet on June 27. Death of a Celebrated Character.

Winnipeg, June 8.—The Provincial Conservative convention will be held in this city on June 27, and will be composed of presidents and secretaries of district Conservative associations, candidates in the House and the provincial executive.

Death of Joseph Monkman.

A celebrated character, Joseph Monkman, who rescued the late Sir John Schultze and took him out of the country during the first Riel rebellion, died yesterday at Piquette. He was 89 years old.

Donkubors Detained.

Quebec, June 8.—The Lake Huron and her 3,000 Donkubors are at Grand Rapids, Quebec, and will be detained in quarantine for three weeks.

On the way out from Batoum, one case of smallpox revealed itself, and it was thought best to detain the ship.

A great reception was in store for them last night. Tausend, Prince Hilkoft, Mr. Evans and Mr. Elkinton of Philadelphia, representatives of the Society of Friends, have been made to meet and distribute funds which had been subscribed for them.

Massachusetts on the Warpath.

Kingston, June 8.—Mail advice from the Mosquito Coast say the Indians there have rebelled against the Government of Nicaragua, taking the warpath and are sending a delegation to invite Prince Clarence to head the rising, which, it is added, will prove a recovery financial support from the foreign residents of the Mosquito Coast. Prince Clarence is now at Kingston, but he recently declared he would never break faith with the British Government, preferring his own retirement here to active life as King of the Mosquito Coast.

Death of Augustus Daly.

Paris, June 8.—Mr. Augustus Daly, the well-known theatrical manager of New York and London, died suddenly yesterday afternoon. Mr. Daly's death was due to heart failure. Mr. Daly was born in Plymouth, North Carolina, July 30, 1838. For several seasons he managed the Grand Opera House in New York.

Had a Rib Broken.

Niagara Camp, June 8.—Only one accident of any moment has occurred, and the victim is Pie Hoffman, of the 3rd Dragons, who was tending his horse when the animal kicked him, and he was injured. He is getting along all right. The heat was intense yesterday, and there were several prostrations.

Murd, Hitting in France.

Lyon, France, June 8.—Notary demonstrations took place here yesterday, growing out of the Bouvier affair. The Bouvier, the Autouche, who was with the old firm, is now with Mr. Clarke, and the combination of these two articles will be sufficient guarantee to the public that their work will be first-class and give entire satisfaction.

per rod for a fence built on the County road north of Compton.

The mover and second of the motion proposed the claim for the amount asked, claiming the fence was an advantage to the County roads, especially in the winter.

The motion was lost.

The question of purchasing a rock crusher was next taken up.

Mr. Holgate moved, seconded by Mr. McFarlane, that \$12,000 be appropriated for gravel roads and that a rock crusher be purchased out of this as soon as possible, and that at least 10 per cent be used for drainage.

After considerable discussion in reference to this matter, in which a number of the members of the Council took part, the motion prevailed.

Mr. McFarlane called attention to a bridge on the Indian Reserve over Sucker Brook, which needed repairs.

The Supt. said the walls fell in last spring and he temporarily repaired it.

On motion the Supt. was ordered to place the bridge in a proper state of repair.

On motion \$4,000 was appropriated for bridges for the year.

The Committee rose and reported. The report was received and adopted.

Council went into Committee on Estimates. Mr. Hanley in the Chair.

The rate for County purposes was fixed at 5 1/2 mills.

The estimated expenditure for the year and the receipts are as follows:

Administration of Justice, \$7,000.00
County Jail, \$1,000.00
County House and Jail, \$1,000.00
County Bridges, \$4,000.00
County Roads, \$12,000.00
Snow and ice, \$300.00
Other roads and bridges, \$3,000.00
Salaries, \$900.00
Warden and Councilors, \$1,400.00
Printing and stationery, \$800.00
Schools, \$5,500.00
Interest on bank account, \$1,500.00
Fuel and light, \$1,000.00
Miscellaneous, \$1,000.00

Casual revenue, \$8,000.00
31 mills on \$1,170,000.00, \$48,170.50

On motion the Committee on Estimates resumed. Mr. Pearce in the Chair.

On motion of the Warden, seconded by Mr. Pearce, \$25 was granted to Elzevir to maintain in maintaining the hospital a sick young lady.

A few communications were dealt with and Council adjourned until 9 o'clock Saturday morning.

Saturday, June 10th.
Council resumed at 9 a. m.

On motion the Council went into Committee on Estimates. Mr. Hanley in the Chair.

Mr. Morden Bird was appointed a High School Trustee in the place of the late Mr. Urial Wright.

Mr. Pearce introduced a By-law to levy rates on the various outside municipalities. The motion was lost.

Mr. Pearce introduced a By-law to equalize the assessment of the various municipalities of the County.

These By-laws were read a first time and referred to the Committee of the Whole on By-laws.

Mr. Cross moved that a committee composed of Messrs. Hanley, Parker and the mover be a committee to look into a matter of difference between the High School Trustees of Madoc Village and the County Treasurer, in reference to fees for County pupils.—Carried.

On motion the Committee of the Whole on By-laws and Bridges resumed. Mr. Parker in the Chair.

Mr. Holgate was in favor of purchasing a crusher, as better roads would be obtained upon the roads. Better roads, he thought, would be obtained if \$9000 was spent on roads and \$1000 upon a crusher, which would be spent upon the roads without a crusher.

Mr. Hanley, after listening to the able address of Mr. Campbell, was convinced that something should be done in the near future in the matter of purchasing road machinery.

Mr. Cross spoke in a similar strain when Mr. Hanley. The time was coming when we would have to purchase some road machinery.

The Warden said he thought it was necessary to expend this year, the \$12,000 recommended by the Supt. to be spent on the roads. "Drive the roads better, and then in the future procure road machinery."

Dr. Faulkner was not in favor of buying a crusher or steam roller this year. He thought the time had come when the County should procure a stone crusher.

Mr. Parker said there was no question in his mind but that the time had arrived when a stone crusher should be purchased.

Mr. Holgate moved that \$10,000 be expended on roads and that 10 per cent of that amount be expended on a stone crusher.

Dr. Faulkner moved in amendment, seconded by Mr. Clare, that we do not purchase a stone crusher this year, but that \$11,000 be spent on the County roads.

Mr. McFarlane moved in favor of expending \$12,000 on the roads and \$1,000 on a stone crusher.

The Warden moved, seconded by Mr. Cross, that \$12,000 be expended this year on roads and as much as the balance of this amount be expended on drainage.

On motion the Committee rose and reported and asked leave to sit again.

Council adjourned until 2 p. m.

Friday, June 9.

DE WATHE MORNING THE HOUR

He Has Liquefied Hydrogen and Started a Revolution.

Lord Kelvin's Discovery. The Effect of It on the World of Propagation Cannot Yet Be Calculated—A Strong Company Formed to Manufacture Steel in Vacuum—A Hint of Its Meaning.

London, June 12.—The man of the hour in the scientific world is Professor Dewar of the Royal Institute of London, who has liquefied hydrogen.

"The discovery," said the professor, "has cost many a weary night during the last ten years, and the amount of money spent upon it has been considerable. Still, I think it was worth it. We have now got within 10 degrees of absolute zero, which is represented by 490 degrees Fahrenheit and 273 degrees centigrade below zero, and the boiling point of hydrogen is 253 degrees below zero, at which it is capable of enormous pressure. In practical utility, according to the average lay mind, no man can speak about yet."

Lord Kelvin's remarks.

"Professor Dewar's discovery," said Lord Kelvin, "is an epoch in a marvellous scientific age. It cannot fail to have most far-reaching effects on science in general, because it clears up many hazy points of relations between matter and energy, and established that hydrogen belongs to non-metallic bodies. To get within 10 or 20 degrees of absolute zero is an achievement which would have made Davy and Faraday stagger. Its effect on the world of propagation cannot yet be gauged. Experiments many and varied must be made."

A practical remark.

Prof. Dewar's success is already leading to practical results. A company was formed on Saturday with a capital of £100,000 to ascertain whether steel can be cast in a vacuum. If the plan is successful the air bubbles and new causes of flaws and weakness will be done away with and a metal will result such as the world has never seen. The result will be of great importance to the steel trade.

RUNNING HIGH

Among the Grit Party Healers in Can-
lton—The Postmaster of That
Thriving Burg Has Resigned.

Whoever saw a Grit politician yet who was not willing to sacrifice himself for his beloved country—when there was a dollar or two to be made?

The salary of the Postmaster at Canlton is a trifle less than that of the Postmaster General, but what do public spirited Lib-
eralists care about money? Perish the thought. All they want is "cold justice." That is the reason why so many of them—rumor says about a dozen—are pulling wires and actually falling over each other in their efforts to capture that rich prize—the postmastership of Canlton. All other great events now transpiring in the world pale to insignificance in the eyes of the Liberal residents of the southern part of Thurlow township—they care nothing for the Peace Conference, or affairs in the Transvaal, or the Gergymander, or even the fact that Hon. Mr. Tarte has thrown another insult at the Methu list; the question of the hour with the local members of the Great Liberal Party at Canlton is, "which of us is going to be Postmaster?"

OUR CITY FATHERS

Had a Brief Session Last Night.

The Mayor Hands Down a Message—
The Waterworks Likely to be
Taken Over on July 1—The Opening
of George Street.

The Council proceedings last night were brief, the whole business being transacted within an hour. The only important legislation was the second and third readings of the Waterworks By-law, on the passage of which the City will become proprietors of the plant.

Under the head of communications Mayor Johnson read the following letter relating to the purchase of the Waterworks system:

GENTLEMEN,—Under the By-law for the purchase of the Waterworks, sanctioned by the votes of the qualified rate-payers on the 29th of May, 1899, the management of the Waterworks is to be placed in the hands of three commissioners, one of whom is to be the Mayor, ex officio, and, as required by the Municipal Act, the others are to be elected by the people annually "at the same time and in the same manner as the head of the Council." The Mayor for the year 1899 is Mr. Johnson, and the Council cannot take action until next January, consequently it will be the duty of the City Council to take over the works and direct their operations until that period arrives. A convenient time for the City to assume control will be the first of July, which is the end of the half year the contracts between the Company and the consumers. I would suggest that the City Treasurer be authorized to take over the accounts and accounts for the Waterworks Department, by whom all moneys shall be received, and by whom, after due authority, all disbursements shall be made. The Treasurer's bonds would cover this portion of the City's revenue, as well as that for which he has given a guarantee in the past. This amalgamation of offices will not entail upon the Treasurer too much labor, and will be a direct saving at the very outset of the City's management of the Works.

A separate set of books and a separate bank account should be kept for the Waterworks Department. With this recommendation, I would suggest that the City Treasurer in the Waterworks office on Saturday last, and we have formulated the plans for the necessary books of account, as well as the necessary bank account.

Since the By-law was passed I have been in communication with several cities with respect to their Board of Commissioners. Some cities pay a small salary to each Commissioner, while others do not. I think it would be well to have, as far as possible, continuity in the office of Commissioner, which will insure stability and foresight in the management. It should be provided by amendment to the Act, that at least one Commissioner, with not less than a year's experience, should sit on the Board. Under it, I may be, and I hope it will, that we shall be so fortunate in our choice of Commissioners, and that the Commission-ers chosen will have as much interest in this work, by reason of financial results, that the same men will, as is the case in other cities, be in the office for a long term of years. The people, however, will have that matter in their own hands.

Following the first passing of the By-law this evening will be the printing and sale of the debentures. The latest sale of a large portion of debentures in the Province was by the City of Ottawa on the first of this month. Debentures bearing the same rate of interest as ours will, namely, 3½%, were sold at par.

Following the Waterworks, the City has practically gone into business, the object being to secure for the people the profits accruing from the consumption of water in our community. There are enterprising and successful, but prudent and careful, business men in our midst who have not hitherto given much or any time to public duties. I do not doubt that from among such men we shall always find two with sufficient public spirit to interest themselves in the welfare of the City, and our rate of taxation, from the fact that they are property owners, who will, with the Mayor for the time being, furnish us with a Board of Water Commissioners whose management will be as successful and profitable as that which other cities have experienced.

J. W. JOHNSON,
Mayor.

Council Chamber, Belleville, June 12th, 1899.

Other communications were:

From Mr. F. Dolan, stating that he would build a cement walk, same as City Surveyor built last year, at 11 cents a foot if Council furnish all materials.

A petition was presented from a number of ratepayers on Grier st., asking that the sidewalk on the east side of the street be laid down, when same is replaced it be laid outside of the street.

The Clerk presented a report of the vote upon the purchase of the Waterworks.

A communication was read from a number of ratepayers, asking that as the well at the Montreal Bank had been closed to the corner of Victoria ave. and James st. These were referred to their respective Committees.

"THE ACADEMIE DE MEDICINE DE FRANCE HAS PLACED

Apilincris
("THE QUEEN OF TABLE WATERS.")

At the Head of All the Waters
Examined for Purity and Freedom
from Disease Germs."

The reports of the various Committees, as already published, were read.

On motion the Council went into Committee of the Whole on reports, Ald. Starling in the chair.

The Executive Committee's report was first taken up, and the various accounts were passed.

The clause in the Public Works reports, that Queen street be repaired after Frost is melted, was passed.

The account of Messrs. Alford & Lear for \$107.40 was ordered to be paid.

On motion the Committee rose and reported. The report was received and adopted.

Under the head of enquiries, Ald. Doyle asked in reference to the repairing of the sidewalk near the upper bridge, and about a broken plank on Betteat.

Ald. Hanley promised to attend to these matters.

Panel asked what had been done in reference to opening up George st.

Ald. Hungerford stated that Mr. Sills wanted \$400 and no less for the land needed to open the street. If this offer was not taken, Mr. Sills would fence it up.

Ald. Robinson enquired what progress had been made by the Street Surveyor in reference to petitions for grandditch walks.

The Street Surveyor said a number of petitions were at present being circulated.

On motion Mr. C. P. Holton was heard in reference to his claim for the removal of a fence on his mill property. He stated that in 1893 the Council had granted him a remission for five years if he did certain work and employed a certain number of hands. Owing to lack of water one year he was unable to do so, and the Tax Collector was pressing him for taxes for the year 1897.

At the suggestion of the Mayor the matter was referred to the Executive Committee, to be considered by it at the next meeting.

INTRODUCTION OF THE BY-LAW
The By-law for the purchase of the waterworks plant was, on motion, read a second and third time and numbered 925.

Ald. Panter moved, seconded by Ald. Jones, that the City Surveyor be authorized to close up a street where the steam roller was at work.

Ald. Starling said the Street Surveyor had been thus authorized, but he did not believe in making this a cast iron rule. It was very inconvenient to merchants, and even others, to close the street up entirely.

Ald. Panter said he brought this motion in to prevent any accident. One occurred to-day, whereby a plate glass window was broken.

Ald. Hanley thought this matter should be in the hands of the Street Surveyor who could judge as to the least mode to be adopted.

Ald. Bogart and Robinson supported Ald. Starling's contention.

Ald. Starling said he could not allow people to drive over the roads while they were being repaired. He had put up hurdles and signs in reference to the rolls.

The City Solicitor said the Street Surveyor might close a portion of a street, but not entirely without giving thirty days notice.

The motion was withdrawn, and the matter left in the hands of the Street Surveyor.

Ald. Starling gave notice of a motion that George street be opened up to Maria. He stated that he would press this at the next meeting of the Council.

Those in attendance were: Mayor Johnson, Aldermen Hunter, Doyle, Taylor, Bogart, Starling, Hungerford, Hanley, Robinson and Jones.

A CURIOUS CASE.

Who Were This Man's Accusers?

A case was ventilated in the police court this morning in which the defendant was not only exonerated from the offence charged, but there appears to have been no grounds for the complaint. William Lucas, of Thurlow, a hard working and sober man, was charged with assaulting and beating his wife. Mrs. Lucas, when placed in the box, swore that there was no truth whatever in the charge, as did Mr. Lucas. Some of the neighbors were called, but all denied any knowledge of the assault. The Magistrate immediately dismissed the case. Mr. W. P. McMahon appeared for Mr. Lucas. It is the intention of the latter to use every means to find out by whom the charge was laid.

DEFEAT OF PREMIER DUPUY.

He and His Colleagues in the Ministry Have Resigned.

President Loubet, Who is Thought to Have Foreseen the Ministry's Downfall, Accepts the Resignations of the Cabinet—M. Dupuy Says Luckier But No Braver Man May Be Called.

Paris, June 12.—The Chamber of Deputies was crowded yesterday, and there was considerable suppressed excitement when M. Valliant, Socialist, interrupted the Government on Sunday's "police outrages" at the Pavilion and threatened to demand the resignation of the Government gave the police in regard to the Socialists, who, he said, had taken the republic against the reactionaries.

The Premier, M. Dupuy, replied, saying the Government was determined to maintain the order of the day, and to secure public order and peace to the order of the day.

The Chamber adopted the motion by a vote of 321 to 172.

The Ministers forthwith left the Chamber and immediately resigned their offices.

The Ministry Resigned.
Premier Dupuy has tendered his resignation to the President.

Loubet Forsook Dupuy's Overthrow.
President Loubet has accepted the resignation of the Cabinet Ministers and has requested them to remain in their offices until their successors are named.

On leaving the Chamber, M. Dupuy observed to a group of Deputies in the lobby: "We have over the business to looker but not to more courageous men." The general impression is that the crisis will not last beyond Wednesday, M. Loubet having foreseen, it is said, the fall of Dupuy at an early date, having already considered the composition of the new Cabinet.

WHO STOLE THE DOCUMENTS?

Wicked Newspaper Men Got Hold of Hague Conference Secrets.

The Hague, June 13.—The drafting committee of the arbitration committee of the peace conference met yesterday and continued the discussion of the arbitration schemes. The delegates, not having received additional instructions from their respective Governments, the committee adjourned until Friday without further progress.

The discussion as to furnishing the newspapers with abstracts of the proceedings developed a remarkable scene. M. Tiersot, head of the Belgian mission, on rising to speak, addressed M. de Staal, and in the most pointed manner said that publicly might as well be granted, as certain documents had been published in the newspapers. "Some of these documents," he said, looking M. de Staal full in the face, "were stolen. I have heard from M. de Staal, but I cannot believe this, feeling sure that the visitors to the Automobile Hotel, are all far too honest to stoop to theft."

M. de Staal received these remarks in silence.

They Will Give Out the News.

The Hague, June 13.—At an adjourned meeting of delegates to the peace conference, under the presidency of M. de Staal yesterday morning, it was resolved to furnish the newspapers with statements of the proceedings of the committees, as well as of the plenary sittings.

Wesley's Warlike Work.

London, June 13.—It is said the American exp. challenger Shamrock will be sent to the beginning of July, the progress of work on her being retarded by the fact that the designer, W. Fife, is suffering from influenza.

According to estimate, the contest, from first to last, should last Sir Thomas Lipton about \$60,000. Sir Thomas Lipton has invited Lady Russell of Killowen, wife of the Lord Chief Justice of England, to christen the Shamrock.

It Will Cost Lipton \$400,000.

THE BOOM STRIKES BELLEVILLE

One of Our Local Firms, Has Received a Big Order

For Mining Machinery—More Looked for as the Industry Develops.

That the mining industry of Hastings County is going to boom before very long is apparent to everybody, but what concerns the citizens of Belleville chiefly is that the effects of the boom are beginning to be felt here. The Mac Machine Company has received an order for a complete plant for the Cathlamet Lead Mine, situated near Bancroft, Ont., consisting of a steam hoist, boiler, rock drill, and other mining apparatus, and this morning Mr. C. O. Macdonald, who is not only for being an exceptionally clever machinist, went out there to put the plant in position. Taking everything into consideration, it looks as though good times were dawning for Belleville once more.

Nice Grey Worsteds Suits.

For the summer and fall there is nothing quite so cool and comfortable as a nice grey worsted suit. The Oak Hall have them in different shades and made in sack, double breasted and single breasted, and this morning Mr. C. O. Macdonald, who is not only for being an exceptionally clever machinist, went out there to put the plant in position. Taking everything into consideration, it looks as though good times were dawning for Belleville once more.

THE IRON WORKS.

Very Steadily and Quietly the Work is Being Pushed Forward.

The work upon the rolling mills is progressing finely. Mr. W. H. Alford, who has the contract for the mill and spike factory, has the east and a portion of the north wall bricked up a sufficient height for the laying of timbers to support the roof. The south and west walls will in a short time also be up. The buildings now command prominent positions and many are the visitors who call to make an inspection of the work. The greater portion of the material for the roof and other frame work is now in place. Mr. Alford is doing all in his power to rush the buildings to completion.

Ald. Hanley, the contractor for the rolling mill proper, has a large number of men engaged. Yesterday the work of placing in position some of the heavy timbers was commenced, and the work was watched with interest by many. The contractor is doing his level best to proceed as rapidly as possible with his contract. The building will no doubt be a most substantial structure, nothing but the very best of material being used.

Investigate.

Many men imagine themselves hard to it—their tailor told them so. Our own tailor, who would probably change that notion as well as the notion that a custom tailor gives better clothes, better trimmings, better cut. Because he charges as though he is no reason that he does. Investigate for yourself.—QUICK & ROBERTSON.

HAVE SAID GOOD-BY.

The Grand Lodge of the 'Prentice Boys concludes its business and adjourns till next year.

The Grand Lodge of 'Prentice Boys concluded its labors last evening, and the visiting delegates have returned to their homes. They expressed great satisfaction with their treatment whilst in the city and the cordial welcome extended to them. The next session of the Grand Lodge will be held at Watertown, N. Y.

During the afternoon session the various committees reported, which reports were adopted.

Bro. R. H. Ketcheson, of this city, was elected Grand Organizer for the Order.

A resolution of condolence to the widow and family of the late Mr. James R. Galloway, of this city, adopted, and will be forwarded by the Grand Secretary.

The evening session was devoted to routine and secret business in connection with the Order.

TROUBLE EXPECTED

On the Line of the Grand Junction at Holloway To-day.

Trouble was anticipated on the line of the Grand Junction this morning at Holloway, as a number of "seals" were set to work, amongst whom, they were informed, were some Italians. Up to the hour of going to press we had not heard of the men being interfered with, although there were rumors that they would not be allowed to continue peacefully in the discharge of their duties.

Japanese Catarrh Cure Cures.

The following testimonial is one of the hundreds daily received by the proprietors of Japanese Catarrh Cure. Coming from British Columbia, where, owing to extreme dampness of the climate, catarrh is more prevalent and more difficult to cure than in other parts, makes it very valuable.

JACK ROACH ON TRIAL.

The Alleged Accomplice of the Napanee Bank Robbers

Was Held for Extradition—Another Chapter in the Remarkable Case.

Boston, Mass., June 14.—John Roach, who was arrested in May by the Boston police on the charge of being a fugitive from justice, and who is wanted in Canada for alleged complicity in the robbery of the Dominion Bank at Napanee, was tried this morning before United States Commissioner Fiske.

The hearing resulted in defendant being committed to jail in \$5,000 bail to await the action of the Secretary of State. Commissioner Fiske stated that there had been introduced evidence sufficiently strong to hold defendant. To-day a hearing was made necessary because of the opposition made by Roach against extradition.

The Government introduced a number of depositions, signed by persons in Canada, in which it was stated that they had seen Roach in the company of W. H. Holden and George Pare, who figured in the robbery. Others wrote that they had noticed a gang of men, of which the defendant was a frequent member, loitering about the open country and near the woods.

Another man identified a photograph of defendant which Holden and Pare gave him. It appears that each of the latter had certain confessions implicating Roach. Wm. Sutherland, detective of Montreal, came to Boston. When he saw the defendant here, Detective Sutherland threatened to bring the defendant's mother from Montreal to identify him, when Roach remarked, "You would not do that, would you, Billy?"

Lawyer Gove argued that in his opinion no evidence had been introduced tending to show that defendant was a fugitive of justice from Canada, even though he belonged there.

A Thousand Tongues

Could not express the rapture of Annie E. S. when she found that Dr. King's New Discovery for Consumption had completely cured her of a lung disease which for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I felt better all the time. I can now do my work as before. I feel like shouting its praises throughout the universe." So will every one who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs.

PATRICK KEEGAN FELL.

And for Some Time it Was Thought the Fall Might be His Last.

An accident happened to Patrick Keegan yesterday afternoon about 5:30, which came near causing his death. It appears that he was in the shanty upon the boom, which is used by Clerk McIninch while he is keeping account of the logs, when in going out he fell, striking upon his head, the shock rendering him unconscious. "He also fell in such a manner that his body was upon the boom and his head in the water. As soon as possible he was removed from his perilous position and a physician summoned. The unfortunate man remained in an unconscious condition for some time. To-day he was reported to be doing well.

TRANSVAAL CONCILIATORY.

Arbitration is Not Made a Condition of Concessions.

Text of the Transvaal Blue Book Does Not Contain Threats—Still Time for the Disputants to Arrive at a Compromise—Sensational Papers Making a Mistake of Declaration for British Interests—That Case Warrants.

Brussels, June 15.—Dr. Leyds, the representative in Brussels of the Transvaal Republic, received yesterday the following conciliatory dispatch from Pretoria: "The Government does not make arbitration a condition of concessions. It will continue to make concessions, even as regards the franchise, independently of Great Britain's acceptance or non-acceptance of arbitration."

Blue Book Does Not Contain Threats. London, June 15.—Though the sensational papers are making much of the fact that the Transvaal Blue Book (issued last night, in which the British high commissioner at South Africa, Sir Alfred Milner, practically declared it beyond doubt a case for British intervention in the Transvaal, the reply of the Secretary of State for the Colonies, Mr. Chamberlain, removes many apprehensions.

The text shows it did not contain threats, something which many rumors were afraid and demonstrates that there is, therefore, still time for the disputants to arrange a compromise, of which signs are not wanting.

Remonstrance to Kruger.

London, June 15.—The correspondent of The Daily Telegraph at The Hague says: "The Dutch Government has sent President Kruger a remonstrance regarding the disastrous consequences that are likely to follow persistence in his present policy."

Kruger Will Give No More.

Pretoria, June 15.—The Volksraad has resolved to accept President Kruger's franchise proposals and refer them to the people before putting them into operation. President Kruger, in thanking the Raad, said that in these troublesome times they could not know what was going to happen. England had not made even one little concession, and he could give none. He reminded the Raad that Germany had always stood by them. War, he asserted, he did not want, but he would not relinquish anything for the sake of peace.

The trial of the alleged former British officers who were arrested at Johannesburg on May 10 last, on the charge of high treason in having attempted to enroll men with a view to a rebellious uprising, which began here on June 9, commences to-day. The prisoners were remanded.

THE PEACE CONFERENCE

May Not Adjourn Until the Middle of July.

The Hague, June 15.—It is now expected the peace conference will not adjourn before the middle of July, as it is thought the labors of the delegates will not be finished before that time, but there is the additional question of the acceptance by the powers of the decisions adopted by the conference.

Great Britain and Brussels Conference.

The refusal of Great Britain to accept the stipulations of the Brussels conference, if they should be made definite, would not prevent the other powers from pledging themselves to action in the matter. There is no doubt that the Brussels conference sub-committee will reach a practical result, but it is possible some of the powers, while reserving the right to apply the new stipulations when necessary, may not consent to bind themselves forthwith.

Dr. Zorn and Arbitration. London, June 15.—The correspondent of The Daily Chronicle at The Hague reports an interview he has had with Dr. Zorn of the German delegation regarding arbitration. Dr. Zorn said: "Nothing is lost. We shall continue the negotiations in the most friendly spirit. My personal opinion is no way commits Germany, and I share the general hope of finding a favorable solution."

ALASKA BOUNDARY.

Satisfactory Temporary Arrangement of the Question.

London, June 15.—The United States ambassador here, Mr. Joseph H. Choate, has just received from the Foreign Office a communication on the Alaska question which, it is understood, is a satisfactory temporary arrangement of the affair. The case of Corea, probably pending, while unwilling to discuss the details, assure the Associated Press that the Russian difficulties are practically smoothed over until the meeting of the high commission in August.

THE PACIFIC CABLE.

British Colonies Invited to Send Delegates to England.

London, June 15.—The Governments of the British colonies interested in the proposed Pacific cable have been invited to appoint delegates to further discuss with the Colonial Secretary, Mr. Joseph Chamberlain, and the Chancellor of the Exchequer, Sir Michael Hicks-Beach, the mode of raising the necessary capital and the manner of construction and control of the cable.

Russia Makes a Grab in Corea.

London, June 15.—Though it has not attracted much attention here, news from Seoul of Korea is of real importance. It appears that Russia has leased from the Seoul Government three leased ports on the coast of Corea, probably including Port Lazareff, a really magnificent harbor, on the eastern side of the peninsula. The lease is only for 15 years, those qualified to judge are convinced that Russia never will let her hold on to those harbors, her next step being to connect by railway the foothold thus gained on the Korean littoral with Vladivostok. It is believed that Russia will practically apply to Corea the process which has made Manchuria a Russian province.

Prisoners Asked to Form a Cabinet.

Paris, June 15.—President Loubet received M. de Polignac yesterday morning, for the purpose of entrusting him with the task of forming a new cabinet. M. de Polignac asks delay until to-day in order to consult his friends.

The Venezuelan Dispute.

Paris, June 15.—A preliminary and informal meeting of continued engaged in the Venezuelan arbitration took place at the Ministry of Foreign Affairs yesterday afternoon. The meeting of the Venezuelan commission will be held in the apartment placed at the disposal of the Spanish-American peace commission. The first formal meeting of the commission will take place at 11 o'clock this morning.

SELLS BROTHERS'
ALL AMERICA'S GREATEST SHOWS CONSOLIDATED
The Most Signal and Consummate Managerial Triumph
in any Era of the World.

**DIRECT FROM SURPASSINGLY SPLENDID TRIUMPHS
AT MADISON SQUARE GARDEN, NEW YORK.**

SPECIAL NOTICE—These are the same great shows, the same gigantic aggregations, the same colossal combination that so startled the metropolis of the country by its ever increasing magnitude, its comprehensive completeness, and its veritable avalanche of novel and startling innovations when it inaugurated its tour of this season at the Madison Square Garden, New York City. Its tremendous triumph was attested by the unanimous qualified praise of the press and plaudits of the people, and patronage only limited by the capacity of the largest temple of amusement in the world.

SPECIAL NOTICE—EXTRA!!!—It is hereby promised without reserve, and will be faithfully kept, that the programme of the shows to be presented in this city is absolutely unique and unequalled in the history of the animal world. The programme is so arranged that the public will be able to see the most interesting and valuable animals for feature and detail for detail as the exhibition that so completely conquered the masses of the public in the past.

EXTRA SPECIAL NOTICE—EXTRA!!!—The prices for the great concern of the city will be as follows:—
New York shows were as high as \$2 per seat. Here only the usual prices of 10¢.
In ordinary shows will be asked. No advance over usual prices in any city.

ALL EARTH'S MIGHTIEST MANAGERIAL MAGNATE
direct, organize and control this mammoth world's exposition of pure, pure, profitable amusements.—J. A. Bailey, Lewis Sells, Peter Sells and W. W. C. Foremost are chiefs of all this time—Uniting as they do in this vast consolidated enterprise, the combined resources, unlimited capital, gathering in the most brilliant and successful exhibition of the world, and the most interesting and profitable exhibition to the public as the

ADAM FOREPAUGH and SELLS BROTHERS' Consolidated Congress of Circus Champions

A detailed illustration of a circus performance. In the center, a man in a top hat and tailcoat stands on a horse, holding a long pole. To his left, a woman in a tutu and corset is being lifted by a man in a top hat. To his right, another woman in a tutu is being lifted by a man in a top hat. In the background, several other acrobats are performing stunts on horseback and on the ground. The scene is set in a circus ring with a crowd of spectators visible in the background.

YOUR CHILDREN'S EYES

Should be carefully watched until the age of ten. If the eyes can be kept in normal condition until then, they will remain so throughout life, unless sickness or abuse injure them. Many hereditary eye defects may also be overcome in children if taken in time. We have had great deal of experience in children's eyes. Advise free.

Defective Eyesight

is a great drawback to one's pleasure and advancement in life.
Many a person's chances in life have been marred by neglecting having their eyes examined when young.
Parents, in justice to their children, should see that their vision is the best possible, and if not, have it corrected.
We have made a specialty of examining children's eyes.

A GOOD MAN GONE.

Mr. Robert Richardson, After a Long and Useful Life, Crossed the Dark River This Morning.

After an illness of some months duration, death this morning claimed as a victim Mr. Robert Richardson, for many years well known and estimable citizen of this place. Although for some days his demise was anticipated, it will nevertheless be sincerely regretted by a host of friends who knew the deceased. In the year 1827, namely, 77 years ago, Mr. Richardson was born in Yorkshire, Eng. When a lad about 12 years of age he came to Canada and has since resided in this country. In early life he attended Queen's College, Kingston, from which institution he graduated, immediately after entering as accountant, the Bank of Montreal, and from that body went to nearly three years ago he had been identified with that institution. He was formerly manager of the Bank at Port Hope, Perth and Peterboro. About 29 years ago he was transferred to Belleville as manager of the local branch, and filled that position most acceptably until he retired in November, 1896, when he was succeeded by Mr. R. J. B. Crombie, the present incumbent.

In religion, the deceased took a prominent part. At the time of his death he was a local preacher of the Methodist Church and a class leader. For two years he was Superintendent of Bridge Street Sunday School, and in that church has filled the position of Recording Stewards' Trustee, etc. Mr. Richardson also took an active interest in the City Mission, in fact in all matters relating to benevolence. He has gone to his reward, but the good work he did will be perpetuated. He was 72 years ago Mrs. Richardson died, as did also his daughter, Mrs. Perkins. The only surviving member of the family is a step-daughter, Mrs. Wilson, at home, and three grandchildren. To these will be extended the heartfelt sympathy of all friends. The funeral will take place on Friday afternoon at 3 o'clock.

A Ready-Made Suit.

Some men are funny when it comes to wearing a ready-made suit. He will wear a hat, pair of boots, shirt, collar, tie, socks, underwear and underwear all ready made, but not a suit. And why? No one can tell. The Oak Hall fit you as well, give you as good goods and at one half the price. Time will bring you.

A MONTREAL PHYSICIAN

Who Went to the Forepart and Sells Circus

Has written THE INTELLIGENCER that it is first class in every respect, but goes on to warn the citizens that, the big wagon is the place from which to buy your ticket, unless you are prepared to pay a slight commission for the privilege of getting it without going into the crush and crowd. "But," says this Montreal physician, "be aware of the wild man in the Side Show who occupies a cage and lives on raw meat."

Who wouldn't be afraid of a wild man who lives on raw meat? But, when you think of Belleville people can stand him, we think.

Also, people who live in this County have attended circuses before, and if they buy their tickets other places than at the circus they expect to pay a commission.

Did the Doctor in Montreal ever attend a big tent show before?

Story of a Slave.

To be bound hand and foot for years by chains of discipline is the worst form of slavery. George D. Williams, of Manchester, Mich., how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn in bed alone. After using bottles of Electric Bitters she is wonderfully improved and able to do her own work. This supreme remedy for nervous diseases quickly cures nervousness, sleeplessness, melancholy headache, backache, indigestion and dizziness. My wife's working medicine is a godsend to weak, nervous people. Only 50c. Sold by J. S. McKewen, druggist."

OBITUARY.

J. C. OVERELL.

The death of Mr. James C. Overell, as announced in last evening's INTELLIGENCER, was not an unexpected event. For some time past the deceased had been in declining health. Mr. Overell was one of the best known business men of this city for many years. Deceased was born in London, Eng., 83 years ago, and came to Canada in early life. Nearly the whole of his life was spent in the mercantile interest. He was in business for some years in the city of Quebec and also in Paris, Ont., before his removal to Belleville. For over 30 years deceased conducted a successful stationary and fancy goods store here, and was known to be just and upright in his dealings. Owing to failing health he was compelled to retire, and about a year and a half ago, in company with his aged wife, went to Toronto and resided with his daughter, Mrs. A. M. Kemp, at which place he died yesterday. Mr. Overell was a worthy citizen, quiet and genial. Although often pressed he never sought after worldly honors. For years he was an honored member of St. George's Society, the only Society which he was identified with. Deceased was a member of the Anglican Church. He leaves, in addition to his wife, four children, one son, Albert, at present in the city; Mrs. C. W. Stricker, of this city; Mrs. A. M. Kemp, of Parkville, Toronto, and Mrs. Verne, of Halifax. To these the sympathies of a large circle of friends and acquaintances will be extended. The remains will arrive here to-morrow noon and the funeral will take place from the residence of Mr. C. W. Stricker, Foster ave., to-morrow at 4 o'clock at the Christian church and thence to the cemetery.

Is My Blood Pure?

This is a question of vast importance to all who wish to be well. If your blood is impure you cannot expect good health, unless you begin taking Hood's Sarsaparilla at once. This great medicine makes the blood pure and puts the system in good shape. It cures spring humors and that tired feeling.

BIG GUNS OF THE GRAND TRUNK.

Who are Making an Official Inspection of the Line, Pay a Visit to Our City.

A special train composed of the official cars of the G.T.R., Viola, Canada and St. Lawrence, arrived here at 6:30 last evening, having on board a number of the magistrates of that line. The party was composed of Sir Charles Rivers-Wilson, President of the system, Mrs. Wilson, Messrs. C. M. Hays, General Manager, H. F. McGuigan, General Superintendent, Geo. E. Reeves, Traffic Manager, F. W. Moore, Supt. of Motor Power, and J. M. Herbert, Supt. of Transportation. The train was run down the Grand Junction line on Pinnacle st., where the party remained on board over night. This morning they were taken out upon the bay. Mr. Richardson's last official act was to place at their disposal. Sir Charles is an ardent admirer of the Bay of Quinte, and desired to spend some hours upon its waters. The party left this afternoon for the west.

Before the party left Montreal on their tour of inspection, a reporter had an interview with the President, who referred to the Rev. gentleman who had asked his flock to pray for the success of the striking teammen, and Mr. Lindley, who was present, said it would now be in order for the same divine petition in behalf of the second and third preference stockholders. Sir Charles says that the new Victoria bridge is grand in conception and magnificent in execution, and that Mr. Holson has most Imperially done quite as well as did the two engineers of the great Forth bridge.

THE MONTH OF ROSES

Sees Another Happy Couple Joined in Wedlock.

St. Thomas' Church, this City, was the scene of a fashionable wedding at 2:30 this afternoon, when Mr. Ernest W. Trent, a well-known professional gentleman, of Toronto, was married to Miss Henriette Elliot, eldest daughter of Dr. C. S. Elliot, of this City. The ceremony was performed by the Rev. T. O'Meara, of Trinity Church, Toronto, assisted by Rev. Canon Burke. The bridemaids were Miss Annie Elliot, sister of the bride, and Miss Cottie Mahan, of Halifax. Mr. Goldwin Howard, of Toronto, was the best man. The bridesmaids were Dr. H. C. Elliot, of Cobourg, and Mr. F. E. Elliot, of Halifax, N.S.

After the ceremony the happy pair left for the upper lakes, where they will spend their honeymoon. Mr. and Mrs. Trent will take up their permanent residence in Toronto.

A Narrow Escape.

Port Hope Guide: On Sunday as some men were watching a train pass on the G.T.R. main line, they noticed a steel bar drop down from one of the cars. It struck the ground and then the car wheel hit it. The blow was so hard that the car jumped over a foot from the rails, but fortunately the bar was on such an angle as not to throw it completely off the track.

It dropped down on the rail and away. The men went down and lifted the bar out of harm's way. They found it about 6 feet long and weighing over 100 pounds. Had that train been wrecked and no one seen the cause, it is difficult to tell upon whose innocent shoulders the blame might have rested.

Defective Eyesight

is a great drawback to one's pleasure and advancement in life.
Many a person's chances in life have been marred by neglecting having their eyes attended to when young.
Parents, in justice to their children, should see that their vision is the best possible, and if not, have it corrected.
We have made a specialty of examining children's eyes.

TWO BAD BOYS.

And the Sentences They Received at the Police Court Today.

Wm. Barnhardt and John Barnhardt, two boys, were this morning charged before the Magistrate with stealing a quantity of lead pipe from the premises of the late Mr. Jas. Meagher, near the G.T.H. station. John was placed in the box and stated that his home was near Shannonville and he was here on a visit to his grandmother, and that Wm. induced him to go to the place in question and help him, which he did. He related how they gained an entrance, how much pipe they secured and where they sold it. The Magistrate allowed John to go, as he apparently told a straight story and it was his first offence. Wm. was less fortunate, as it was not his first appearance in court upon a similar charge and a suspended sentence was hanging over him. He was sentenced to the Reformatory for an indefinite period. His length of time at that institution will depend altogether upon his behaviour. Mr. P. J. M. Anderson for Crown, and Mr. W. P. McMahon for defendants.

NO PLACE LIKE HOME.

So Says Mr. Higgins, Who Has Just Returned From the Klondike.

Mr. J. Higgins, of Prince Edward County, who some months ago, with a number of others from that County, left for the Klondike district, has returned home fully convinced that he is just as well off here as in that remote country. He was at Atlin Lake, the new gold district in the north east part of British Columbia, on the borders of the Yukon Delta. This is about 500 miles from Vancouver. Mr. Higgins reports that there are numbers out there who would gladly return home were they in a position to do so.

Representative of Wealthy Capitalists Wants to Start an Industry in Belleville.

Mr. Jarvis, of London, Eng., is in the city, and will this evening be in attendance at the City Council with a proposition in reference to the establishment of an industry for the manufacture of free stone, or at least commonly known, laid stone. Mr. Jarvis represents a number of wealthy capitalists of this country who are interested in this matter, and who desire to have the manufacture of free stone established in this city. It is to be hoped that the gentleman will be able to make arrangements for the location of the plant in our midst.

That Throbbing Headache Would quickly leave you if you used Dr. King's New Life Pills. Throbbing headaches have proved their matches in relief for Sick and Nervous Headaches. They make you blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back not cured. Sold by J. S. McKee, Druggist.

Anglo-Saxon Jubilee.

The str. North King will run an excursion from Belleville on Sunday, July 2, to Rochester, N.Y. and Ottawa, Kan. The citizens of Rochester have banded together to make this excursion one of the greatest and most magnificent in American history. No expense is to be spared, \$25,000 having been subscribed for amusements and entertainment of visitors. Everything is to be absolutely free, viz: Sports and games of all kinds, horse racing, bicycle racing and a magnificent fireworks display. A grand street parade will take place in the morning which is estimated to be ten miles long, containing 40 bands of music. A large number of people from Belleville will undoubtedly participate in the celebration.

The Boundary Line

Between comfort and discomfort is often a very slight one. Have you rheumatism or neuralgia, or are you a sufferer from obscure nervous pains? Why suffer longer? You can get relief from a single bottle of the king of pain—Polson's Nervine—or you can get a large bottle for 25 cents. It cures promptly. It is sure, pleasant to take, never fails to cure all kinds of pain. Does not get a trial bottle. Nervine, the sure pain cure.

Battalion Parade.

The XV. Batt. will parade to night at 7.45. The parade is called this early to allow a full discussion of the Rochester trip, which matter will be brought up at the drill shed to-night immediately after the parade is over. It is rumored that a deputation from Rochester was to arrive yesterday, and that they were to be met by the Battalion to get the Batt. to go to their city instead of Niagara.

City Mission Excursion.

The Sunday School in connection with the City Mission will hold their excursion to Massena Park on Wednesday, June 28th inst., per steamer Wm. Booth, which leaves the dock at 9 o'clock. Any person wishing to contribute anything will please leave same at Mrs. Schuetz's or Mr. C. Clapp's store.

Bring a little old change if you want some of the bargains. Sale commences Saturday, June 17th.—STROUD'S PALACE STORE.

WATCHDOG OF THE SENATE.

Sir Mackenzie Bowell's Discovery of a Startling Fact.

A Clause in the Government and Grand Trunk Railway Agreement Practically a Lease, by Which the Intercolonial Railway Would Have Been Controlled for a Term of Twenty-Nine Years.

Ottawa, June 26.—Sir Mackenzie Bowell's request in the Senate for further information about some features of the bill confirming the agreement between the Government and the Grand Trunk for the use by the Intercolonial Railway of Victoria bridge and terminals at Montreal, develops the startling fact that a certain clause of the agreement, taken together with a traffic contract made by some subordinate officials, would for 29 years give the Grand Trunk Railway and the United States connections such control of the Intercolonial traffic as to practically constitute a lease of the Government railway to them for that period.

DOMINION STEEL CO.

Its Bonds and Common Stock Underwritten Two or Three Times Over.

Montreal, June 26.—The bonds and common stock of the Dominion Steel Company have been underwritten two or three times over. The issue decided upon by the promoters is \$8,000,000 in 30-year 5 per cent. gold bonds of which \$2,000,000 will be sold, while the common stock will amount to \$15,000,000. The allotment will be made at a meeting to be held in Boston in the near future, but Canada will be given at least \$6,000,000, and in fact the capitalists of the Dominion were ready to take the whole issue. The Merchants' Bank of Halifax has applied for an interest that extends up to \$1,300,000. Mr. H. M. Whitney, the president, also wants a million, while Toronto has applied for about a million and a quarter, the Queen City being represented on the board of directors by Senator Cox and Elias Rogers.

A Notable Affair. In order that the tremendous proportions of this enterprise may be appreciated, it is only necessary to say that the Ritchie-Connolly Company of Pittsburgh have a contract for the furnaces, the amount involved being \$2,000,000, the same to be completed within 17 months. The steel works will also mean an expenditure of \$1,500,000 more and in addition to this 500 coke ovens will be built, costing \$1,500 each.

MANITOBA SCHOOL LANDS.

Sir Wilfrid Laurier Agrees to Give an Advance of \$30,000 This Year.

Ottawa, June 26.—Hon. Grayson and McMillan had a final interview with Sir Wilfrid Laurier on Saturday afternoon. The Government has agreed to advance \$30,000 in the estimated year as an advance on the school lands fund to help carry on educational work in the province. The Senate finally over the proposition last year, but it is thought it will not do this year. The Government has, however, decided to hand over to the province control of the school lands, which will be administered by the Local Government, the accounts being kept separately so that the proceeds of the land go to the benefit of the schools.

Ordered to Go to Ottawa.

Kingston, Jamaica, June 26.—The Secretary of State for the Colonies, Mr. Joseph Chamberlain, has directed the Governor of Jamaica, Sir Augustus W. L. Hennington to instruct the respective delegates to proceed immediately from Washington to Ottawa, for the purpose of conferring with the Dominion authorities on the whole project of Jamaica's future relations with Canada. The reason for this step is not known, but many people suppose that Mr. Chamberlain doubts the practical results of the American negotiations and desires to hasten the movement for the alternative Canadian annexation.

A RAILROAD COMBINE.

C.P.R. and Great Northern Will Build a Line Together.

Vancouver, B.C., June 26.—The Canadian Pacific Railway and Great Northern, which were both recently thinking of building lines from Midway to Republic, have, it is understood, arrived at an agreement whereby a joint line will be laid to connect with the famous Boundary Crossing and the line of British Columbia with equally famous Washington camp. The line will be about 35 miles long.

Ryan and McDermott Get the Contract.

Montreal, June 26.—Messrs. McKenize & Mann have just given an important contract to Ryan & McDermott, Son-langes Canal contractors. The contract embraces the entire 60 miles of the Inverness Railway from Point Tupper on the Strait of Canso, northward, and includes grading, track laying and ballasting. The work is to be completed this year and a heavy start on the remaining section. The 200 men now employed by the company are to be transferred to Ryan & McDermott and increased to 1,000 at once.

Domination Election Hung Fire.

Winnipeg, June 26.—A despatch from Ottawa says the by-election here will have to be postponed for some time. Complaints are made regarding the completion of the provincial lists. Rev. George Wallace, writing to the Winnipeg Free Press, said that in his polling subdivision there were 28 names out of 112 which could not be made on, and so with many other divisions.

Buzzard Struck a Bug.

St. John's, Nfld., June 26.—The British armed ship Buzzard, while trying to catch the French trawler, shot on Friday, collided with an iceberg, which stove in her bow. By reason of collision masts and mowing the guns and heavy gear to the stern, she made her way back here safely. She will be docked to-day.

Oswego Gets a Scorching.

Oswego, N.Y., June 26.—Fire yesterday morning destroyed the Oswego Cattle Factory and slightly damaged the Ontario Hotel. The loss is estimated at \$10,000.

Noise in History.

Miss Ethel—Miss always makes me feel sad. Doesn't she you, Miss? Mr. S.—Yes, but I like it—it's awfully pity to feel sad, don't you?—Brooklyn Life.

For coughs, colds, bronchitis and all lung and throat troubles, the most effective preparation of medicine can compare with Hickle's Anticongestive Syrup. It never fails to move all secretions, and heal the diseased parts. It immediately soothes the most troublesome cough, and by promoting expectoration, removes the mucus which stops up the air tubes which causes difficulty in breathing, thereby giving relief to the chest. Public speakers and singers will find Hickle's Anticongestive Syrup an indispensable value, as it speedily and effectively allays all irritation, and soothes the throat and bronchial tubes, and gives power to the vocal cords, rendering the voice clear and sonorous. It permits a singer to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of Hickle's Anticongestive Syrup, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions. It is easier to be good than great—there is less opposition.

At Death's Door—Dyspepsia Conquered.
A Great Medical Triumph—Great Relief.
My medical adviser and others told me I could not possibly live when I commenced to use Northrup & Lyman's Vegetable Discovery for Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 210 to 110 lbs. All the food I took for thirteen months previous to taking the Vegetable Discovery consisted of milk, and I was entirely unable to have and gained my usual weight, and eat anything with a keen relish and feel like a new man. I had thirty doses of Vegetable Discovery since I cured me, as I am well known. In this section how low I was, and thought I could not possibly be cured, and I am eager to try this grand medicine, and I have saved my life as I never expected to recover when first I commenced using it. I am not exaggerating anything, but I feel glad to be able to tell you that I am well and trust it may be the means of convincing others of its merit as a certain cure for dyspepsia. (Signed) Jean Valcourt, Merchant, Wotton, P. Q.

The sun shines for it a quarter, the porter does it for a quarter.
Totally Dumb.—Mr. S. E. Grandell, Port Perry, writes: "I contracted a severe cold last winter, which resulted in my becoming totally dumb in one ear and partially so in the other. After trying various remedies, and consulting several doctors, without obtaining any relief, I was advised to try Dr. Thomas' Electric Oil. I warmed the Oil, and poured a little into my ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

Poems often come home to roost—if accompanied by a return envelope.
Dogs are annually taxed two dollars each in Paris; but pups are exempt until they are weaned.

Cholera morbus, cramps and kindred complaints annually make their appearance at the same time as the green, yellow, green, red, and blue, and many people are debilitated from eating these tempting fruits, but they need not abstain if they have Dr. J. D. Kellogg's Dysentery Remedy, and take a few drops in water. It cures cramps and cholera, a remarkable manner, and is sure to check every disturbance.

A man has a rattling time when he throws dice for the drinks.
To Cure Headache.—Some people suffer untold misery day after day with headache. There is rest neither day or night until the severe headache is relieved. The cause is generally disordered stomach, and can be effected by using Parment's Vegetable Pills, containing Manuka and Dandelion. Mr. Finlay Mack, Lyndhurst, P. Q., writes: "I feel Parment's is a first-class article for Bilious Headache."

Love and war go hand in hand. Even the din of battle has a sort of engagement with the love.
The proprietors of Parment's Pills are constant receiving letters similar to the following, which explains them: "I am a man, Waterloo, Ont., writes: 'I have used your medicine that can equal Parment's Vegetable Pills for dyspepsia, biliousness, and kindred complaints. The relief experienced after taking them was wonderful. It is a safe family medicine. Parment's Vegetable Pills can be given in all cases requiring a cathartic.'"

No one need fear cholera or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Remedy. It is a medicine adapted for the young and old, and is a rapid, becoming the most popular remedy for cholera, dysentery, etc., in the market.

In Maine a dame aged 94 years died a happy old age. "That is why I had no more children," she said.
Money Saved and pain relieved by the leading household remedy, Dr. Thomas' Electric Oil—about as much as you can usually afford to cure a cough, cold, headache, or any ailment, and it is a safe family medicine.

The action of Carter's Little Liver Pills is pleasant, mild and natural. They gently stimulate the liver, and regulate the bowels, but do not purge. They are sure to please. Try them.
"Another daughter out of your hands," smiled Mrs. Grims.
"Another son-in-law to keep," growled Mr. Grims.

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will cure your headache and permanent cure. Their action is mild and natural.

T. B. & H. S. S. S.
Hamilton, June 27.—About 7 o'clock yesterday morning a freight train on the heavy grade west of Dundas and the train was ascending at the time, and the rear half came back at a terrible rate. Those cars dived into a water tank and made a bad wreck. The men on the work train saw the runaway cars coming and jumped. No person was hurt.

His Redeeming Power.
Mrs. Cadogan—They tell me, Charlotte, that your husband is unkind to you.
Mrs. Hoverson—Yes, John is not very gentle, but he is not unkind to me, but he never lets up a rug or crosses a tidy—Boston Transcript.

Know When to Quit
"I suppose you made your money through your holdings in stock."
"Well," said the financier, "they had something to do with it, but the really good thing was that I had my holdings so much as my left going."

Some People

who know that they should
wear Glasses, object to their
use in the mistaken belief that
they make the wearer look
older.

Suitable Glasses never yet
added a wrinkle or made a hair
turn gray.

But the want of these aids to vision
often does this, and is doing this,
every day and hour.

CONVOCAION AT ALBERT.

Presentation of Prizes and Scholarships.

Students Make Merry—A Large Audi-
ence—List of Successful Students
—Some Felicitous Speeches.

Massey Hall, at Albert College, was filled
to overflowing last night with the friends
of that institution. The occasion was the
annual Convocation and it was the most
successful which has been held in connec-
tion with the College. The proceedings
were enlivened by College songs, the boys
occupying one of the corners of the hall,
and making the room resound with their
musical efforts. This part of the programme
took well with the audience.

At 8 o'clock the following persons took
seats upon the platform and immediately
after the proceedings commenced:

Principal, Dr. Dyer, Free Press, Miss
Gardiner, Prof. Paul, Prof. Dossan, Miss
Clair, teacher in painting; Prof. Hunt,
teacher of music, Rev. Dr. Galbraith, Rev.
A. Campbell, Rev. Dr. Gardner, Rev. C.
E. Malloy, Rev. N. Hill, Rev. W.
Watch, Mayor Johnson, Dr. Eakin, Mr.
F. E. O'Flynn, Mr. Wm. Johnson, Mr.
W. H. Gordon, Rev. R. Duke, Rev. J. J.
Rice.

Rev. Dr. Galbraith led in prayer, which
was followed by the reading of the prize
essay by Douglas N. McIntyre, subject,
"Canadian Literature." The composer
showed that he had spent much thought
in the preparation of the paper. The
granting of diplomas was then proceeded
with, the following being the successful
students in the various subjects:

braith.

The conclusion of this portion of the
programme, short but appropriate ad-
dresses were delivered by Mayor Johnson and
Rev. C. E. McIntyre, pastor of Bridge St.
Church. In introducing the Mayor, Prin-
cipal Dyer said that Belleville never had a
more efficient mayor than Mr. J. W.
Johnson. He had taken great pains to
promote the interests of the city, and es-
pecially in the line of endeavoring to pro-
cure for it industries. The city owed
much to him in this regard. The Principal
then introduced the Mayor, who, in his
address, said that he had known Mayor Johnson
many years and the kindest of feelings
existed between them. He hoped that the
Ontario Business College, of which he was
the head, would in the future, as in the
past, be successful.

The singing of the National Anthem
brought the proceedings to a close, after
which many of the visitors of the day, and
other places of interest about the college.

CAMERA CLUB.

A Creditable Exhibit—Presentation
of Prizes.
The exhibit of the members of the Y. M.
C. A. Camera Club in this, their third
competition, is looking well. The
pictures are of natural scenery and the pictures
are indeed fine for amateur work. Messrs.
Gray, McCormick and Clarke were over an
hour last evening examining the pictures.
The prizes for groups were given as follows:

First—D. McMurray.
Second—D. Stewart.
Third—C. Gooch.

The model for best single picture was
awarded to P. O. Piny. Several single
pictures were highly commended. The
parlor is open to the public from 7 to 10
o'clock to-night.

Encampment Officers.

At the regular meeting of the Moira
Encampment held last evening the fol-
lowing officers were elected:

N. Thompson, P. O. P.
E. Elliott, H. P.
G. Miller, S. W.
J. Esley, J. W.
W. Nelson, R. S.
E. J. Roy, F. S.
H. W. Bell, T.
Representative to Grand Encampment,
P. O. P., N. Thompson.

Little Boys' Velvet Suits.

For the little chaps 4 to 8 years of age,
the Oak Hall still have quite a few nice
velvet suits to clear at \$3.99 each. The
suits have always brought \$5.00, and they
are worth it, but this is a clearing line and
we do not figure the cost.

No New Developments.

The boy's clothes which were found on
the bank of the river yesterday have not
yet been claimed. The theory of a
drowning accident appears to be exploded
from the fact that no boys have been re-
ported missing. The police have made
diligent enquiry concerning the matter,
but as yet no light has been shed upon it.

ALL HEADACHES

from whatever cause cured in half an hour

CANADA HAS DONE AGAIN

Alaska Boundary Question Again
Badly Tangled Up.

Lord Salisbury and Mr. Choate had the
thing all fixed up when this paper
was published. The Alaska boundary
question has been badly tangled up
again. The Alaska boundary question
has been badly tangled up again.

London, June 22.—The United States
Ambassador, Mr. Joseph H. Choate, had
a conference at the Foreign Office yesterday
morning with the Marquis of Salisbury
concerning the Alaska boundary
question. The Alaska boundary question
has been badly tangled up again.

Washington, June 22.—The negotia-
tions for a modern treaty regarding the
Alaskan boundary have fallen into a
state that jeopardizes a successful out-
come. The Alaska boundary question

THE ROCHESTER TRIP.

Everything New Points to a Most Successful Excursion.

The XV. Batt. paraded in the Drill Shed last night, and the most satisfactory drill so far this season was gone through. The men are all enthusiastic and working hard, everybody, from the Commanding Officer to the smallest bugler, putting his shoulder to the wheel.

The consent of Major-General Hutton has been obtained, and it is expected that in a very short time the full consent and approbation of the Government will be granted to the project.

The Commanding Officer hopes that some of the retired members will volunteer to fill the vacancies, and that, for the honor of their old corps, they will, on such an extraordinary occasion as this, force personal consideration and help to uphold the honor of our City as they have in days gone by.

Fifty new tunics and the same number of new pairs of trousers are expected tomorrow, and the Oliver equipment will be here by tomorrow night.

There will be company drill at the Drill Hall to night, and to-morrow night the Battalion will parade in review order.

The present trip promises to be the most enjoyable and successful one ever participated in by the Battalion, and all concerned are confident that the boys will "do themselves proud."

Brownie Suits \$2.25.

The Oak Hall has a line of nice little blue serge brownie suits, coat, vest and pants, for boys 4 to 8 years of age. They are made of good cloth and carry the label of the Sanford Mfg. Co. This firm's make has always stood the test. Those who have ever tried any other know the difference.

AN IMPORTANT MINING DEAL.

The Diamond mine has Changed Hands and the Purchase Price Runs into Six Figures.

An Ottawa despatch states that Mr. Leo Paul Meyer, of Ottawa, acting for a Canadian and American syndicate, has purchased the Diamond gold mine, owned by D. E. K. Stewart, at Madoc. The purchase price is \$225,000. The mine is situated in the gold district of Hastings, and great quantities are expected of it. The mine is 12 miles long and there are a thousand tons on the dump at present. It is probable that Sir Mackenzie Bowell will be president of the new company.

Mr. Stewart was in Tweed on Wednesday, and the News says he confirmed the news.

Merry Wedding Bells

ANDREW CORBETT.
A pretty wedding took place last night in the vestry of John St. Presbyterian Church, the Rev. T. J. Thompson officiating, when Mr. Fred Andrews, son of Mr. Friend Andrews, was united in marriage to Miss Belle Corbett, daughter of Mr. Hugh Corbett. The bridegroom was Miss Bessie Symons, and Mr. R. Andrews, brother of the groom, was best man. Miss Minnie Corbett was maid of honor. Both the young people are well-known and very popular, the groom being a member of the Oldfellows' Band. The Intelligencer joins with their many friends in offering congratulations.

The bride looked very pretty dressed in white and carried a bouquet of white lilies. The bridegroom was dressed in dotted muslin and the maid of honor wore white organdy, trimmed with Valenciennes lace. The groom's present to the bride was a pearl necklace, and to each of the ladies assisting a handsome buckle set with turquoise. Other presents from friends of the bride and groom were numerous.

At the residence of Mr. S. Young, in Sidney Township, just west of the City limits, last evening, an event, always interesting in its character, occurred, namely, the marriage of his step-daughter Miss Clara Fairborn, to Mr. Fred Wilson, of Chagrin, Ohio, formerly of this City. A number of relatives and friends were present to witness the ceremony, which was performed by the Rev. W. C. Hovatter, pastor of the Baptist Church. The bride was assisted by Miss Beatrice Curtis, of Barrie, whilst the best man was Mr. Fred Fairborn, of this City. After the ceremony the company were handsomely entertained. At an early hour this morning the young couple left for their home at Chagrin. Their many friends join with us in congratulations.

A Suspicious Character.

James Heward, who claims Toronto as his home, was arrested last evening while acting in a disorderly manner on Front street. He was also thought to be acting suspiciously by visiting some of the banking institutions under the pretence of selling a contrivance for hanging up clothes. Officer Hovatter arrested the man this morning the Mayor, who presided at the court in the absence of the P.M., remanded the accused until Monday next. In the meantime the police will make enquiries regarding the character and occupation of the stranger.

"RAZORS IN THE AIR."

They Had a Hot Time at Tweed on Saturday Night Last.

They have some warm people at Tweed, and, according to the News, a most disgraceful affair took place there at a late hour on Saturday night last, as a result of which Mitch Sova will be confined to the house for a couple of weeks at least, having received a dose of buckshot in both legs. The scene of the affair was the residence of a man named Fred Clapper, a dirty but about 15x12 on the Alexander property on the east side of the river. It appears that a gang of lumbermen, about seventeen, went to Clapper's house for the purpose of turning him and his female associate out. Shots were exchanged with the result that Clapper shot Sova in the leg, as above mentioned. The gang was thus somewhat quieted and left in about half an hour. On Monday morning Clapper applied to the magistrates for a writ, but obtained no satisfaction and now intends to take the case to Belleville and place it in the hands of Magistrate Fitch.

Speaking editorially of the affair the News says:

Here a man is allowed to live in open adultery with a woman who is not his wife, and who, according to his own boasts, he purchased from her own husband for the sum of one dime. Then again this woman is one of two wives of a man, who is her first cousin. Here they live together in filth and dirt that is indescribable. They huddle together ten and twelve in a room, more like animals than like human beings. Young women eighteen and twenty years of age have been seen running out on the street in broad day light almost stark naked. Their house is made the resort of loose women and immoral men. Crowds of drunken rowdies gather there after dark and make the nights hideous with their cursing and profanity, and at all appearances there is no remedy or relief. A crowd of rowdies visit the place, drag a loose woman from the house to the bank of the river, use her for immoral purposes and subject her to cruel and horrible treatment. The pitiful cries of "murder, murder" awaken the respectable women in the neighborhood, who hurry to her assistance and save her from further cruelty.

Lawless men load themselves with firearms and liquor and proceed to the premises to turn the family out and tear down the shanty. When the occupant refuses to let the rowdies in they hurl rocks at the house and several shots are fired, one of them going through the house and falling on the bed where innocent little children lay huddled under the blankets frightened into a state of almost insensibility. The occupant orders the crowd to leave and threatens to shoot, if they do not comply with his order. They refuse and fire another volley of rocks and bullets at the house. The occupant then holds his musket to the window and one of the rowdies falls to the ground with his legs full of buckshot. All this takes place inside the corporation limits and there is no one who has the authority to interfere.

[Let us hope there is a trace of exaggeration in the News story. Surely in civilized Hastings County orgies such as these will not be allowed to continue.—Ed.]

THE MODERN LAUNDRY.

GREAT ADVANTAGE AND CONVENIENCE OF THE INSTITUTION.

Prompt, Clean and Stylish Work Which Gentlemen Appreciate.

The demand for prompt work, thoroughly done and stylish in effect, created this modern laundry.

It is absolutely impossible to launder shirts, collars and cuffs at home in a manner to satisfy the tastes of well-dressed gentlemen.

The adapting of machinery and the economy of labor has caused this to be effected.

Well-dressed young men can now have their laundry work done to suit them and done promptly on time, at less expense all around than if done at home.

It is not to speak of the worry and irritation which are saved.

The Parisian Steam Laundry of Ontario, Limited, Toronto, Hamilton, and London, offers this very necessary facility to all who desire a well-dressed man can be certain of having them executed in quick time and in the very best manner.

The far-famed "Parisian" is an old-established laundry, and it has the most complete machinery in America.

It is conducted by people who have made the laundry a serious study, and who select upon every new improvement and turn it to the benefit of their customers.

This abundant knowledge of their work enables them to do it.

Shirts, collars, and cuffs are made by the Parisian Laundry twice as long as when laundered in inferior places.

The "Parisian" guarantees the best work to be had anywhere in the world, and at prices which defy competition.

There is no reason why this should not be so, when we consider the extensive facilities and long experience it has enlisted in the business.

We do not mean to say that to advise young men and older men of our town who wish always to appear well-dressed, that they should send their work where the best cost more than what is far inferior.

So that it will not be required to urge them to do their work at the Parisian Laundry. The foregoing facts are enough to convince all interested that it is their best policy to do so.
